Ready, Set, Learn is a program designed to provide children and families with an opportunity to participate in a series of play-based learning activities within the school setting. This early learning program is part of an initiative sponsored by the Ministry of Education, the Ministry of Children and Family Development and the Ministry of Health.

Parents/caregivers will receive helpful tips to support their child's learning and development, as well as information about the early learning programs offered by the school district and the community resources available to families. It is a great way for you to get to know your future school and meet the principal, staff and students.

Please visit the B.C. Ministry of Education website and scroll down to download the parent booklet: [Ready, Set, Learn: Helping your preschooler get ready for school.](#)
