OUR STORY

We began with humble beginnings, baking out of a licensed kitchen in our basement part-time and frantically juggling 3 small children, a travel work schedule and growing demand.

Based in Edmonton, Alberta, our dream was to grow our business locally as well as nationally. Fast forward a few years, and we can proudly say we are now supported by retailers and customers all across Canada!

Join us in our journey to inspire children to create, innovate and make their mark on the world.
