Can't find an item? Each school creates its own items for purchase and assigns them to its students. Once assigned, items will appear under the student's tab. If you can't find an item, the item may not be available for purchase, has expired, or is not assigned to your student.

If there is something which needs to be paid for you will see it when you click on your child's tab. You can click on the item and follow the prompts for payment.
