June Nightly Reading Draw Winners

Primary

Name	Division
1. Mina R.	18
2. Mina R.	18
3. Emaan V.	18
4. Jacob D.	11
5. Muhammad A.	20

Intermediate

Name	Division
1. Jaiveer S.	9
2. Guneet S.	5
3. Zahra K.	9
4. Aaliyah G.	5
5. Sophia V.	8

School Supply List - Grades K to 7

School supply lists have now been posted on our school website. You may choose to purchase your child's school supplies over the summer for school in September.

Alternatively, as a convenience to parents, we have attached an order form for School Start for those parents who wish to order ahead of time from this private company. This is a personal choice and not compulsory. You may order your child's supplies online at www.schoolstart.ca and the pack of supplies will be delivered to your home.

Updated Guidelines for Daily Health Checks and Attending School

The Ministry of Education has released an updated [Daily Health Checks and What To Do When Sick](#) resource. It is important that everyone, including students, staff and visitors, continues to assess how they are feeling before going to school, to protect our communities and prevent the spread of COVID-19.

The online [K-12 Health Check App](#) can assist in performing your daily health check. Check for the following symptoms of illness and COVID-19:

- Fever or chills
- Difficulty breathing
- Runny nose
- Headache
- Diarrhea
- Cough
- Sore throat
- Body aches
- Loss of sense of smell or taste
- Loss of appetite
- Extreme fatigue or tiredness
- Nausea or vomiting

Here's what to do if you or someone in your household has symptoms:

If you are sick or feel unwell, stay home. This is important to prevent the spread of illness and COVID-19 in schools.

If you have mild symptoms, stay home until you feel well enough to return to your regular activities and no longer have a fever. Avoid non-essential visits to higher risk settings such as long-term care facilities for another five days after feeling better. *(You may attend school if your symptoms are consistent with a previously diagnosed health condition, such as seasonal allergies.)*

If you have a Rapid Antigen Test, take it if you have symptoms:

- *If your result is negative*, COVID-19 was not detected. However, it is possible that you may have COVID-19. Self-isolate until your symptoms improve.
- *If your result is positive*, self-isolate at home for the following durations, based on your age and vaccination status:
 - **Under 18 + Fully Vaccinated, Partially Vaccinated or Unvaccinated:** Self-isolate at home for five days AND until your symptoms improve and you no longer have a fever.
 - **18 or Older + Fully Vaccinated:** Self-isolate at home for five days AND until your symptoms improve and you no longer have a fever.
 - **18 or Older + NOT Fully Vaccinated:** Self-isolate at home for 10 days AND until your symptoms improve and you no longer have a fever.

If you still have symptoms, continue to isolate if you still have a fever or are not feeling better.

If you are unsure about whether to get tested, use the [Self-Assessment Tool](#) or contact your healthcare provider or 8-1-1 to determine if you should seek a COVID-19 test.

If someone in your household is sick and/or self-isolating, you may attend school *as long as you do not have any symptoms of illness and feel well*. Monitor yourself (or your child) for symptoms and stay home if you feel unwell.

The best way to protect yourself and your family from COVID-19 is to get vaccinated. Vaccines are available for anyone five and older. Register now at getvaccinated.gov.bc.ca

Important Dates

Important Dates:

Monday, June 20	Primary & Intermediate Year End Assemblies
Tuesday, June 21	Spirit Day - Canada Day
Thursday, June 23	Early Dismissal at 1:35 pm/ Last Day of School
