

World  
Down  
Syndrome  
Day

**MARCH 21ST**

This day was selected to signify the uniqueness of the triplication of the 21st chromosome which causes Down syndrome.

Canadian  
Down Syndrome  
Society

**LEARN MORE**

Everyone is different and has something unique to contribute.

# #EndTheStereotypes

**This year on World Down Syndrome Day, people around the world are asked to call for an end to stereotypes!**
