Traffic safety around Fleetwood Park Secondary continues to be a critical priority for our community.

With increasing enrollment, the number of vehicles navigating around and within our school grounds also increases. It is essential that all drivers are very cautious while driving near the school and are aware of the many student pedestrians who are nearby. All students and parents/guardians are requested to consider the following:

- If possible, students – please walk and/or bike to school. Fewer vehicles attempting to drop off and/or pick up students will be very helpful.
- Do not enter the school's parking lots for drop-off/pickup. Please drop off your children 2-3 blocks away from the school and avoid the traffic congestion around the school.
- Consider drop-off/pick up earlier and/or later in the morning/ afternoons to avoid peak traffic times.
- Do not turn left onto 80th Ave out of the school lot... this creates more traffic backlog.

Thank you for your help in keeping our students safe.

Poor Weather & Darker Days Require Extra Caution When Traveling To & From School

November 4, 2022

As winter weather begins to settle in and daylight hours decrease, we remind drivers and pedestrians to take care and use extra caution when traveling to and from school.

According to ICBC, nearly half of all crashes with pedestrians happen between October and January and about 80 per cent of those happen at intersections.

Even when drivers are being cautious, heavy rain and fog can limit visibility on the road, making it difficult to see pedestrians.

We all need to do our part – here are some important tips:

Safe walking:

- **Cross only at marked or controlled crosswalks & follow traffic signals:** Do not jaywalk or cross when it isn't your turn.
- **Make eye contact with drivers as it's hard to see pedestrians when visibility is poor in fall & winter:** Never assume a driver has seen you! Be certain they see you and that they've committed to coming to a stop.
- **Watch for drivers turning left or right through the crosswalk:** Drivers may be focused on oncoming traffic and not see you.
- **Wait until a crossing guard says it's safe to cross:** If your school has a crossing guard, follow their instructions before crossing – they will make sure it's safe before guiding you across.
- **Be as reflective as possible:** This will make it easier for drivers to see you in wet weather, and at dawn and dusk.

Safe driving:

- **Leave your phone alone:** Distraction is the leading factor for drivers in crashes involving pedestrians and cyclists. Poor weather only makes it riskier.
- **Scan crosswalks & intersections from left to right as you approach:** Take extra care in school zones and near transit stops, especially when turning at intersections.
- **Give yourself enough stopping distance:** You need more time to stop when roads are wet or slippery or when you're driving fast. At a slower speed, motorists have better chance to react when children or others are crossing the road. This could be the difference that saves a life!
- **Stick to the speed limit:** A 30 km/h speed limit is in effect in school zones from 8 a.m. to 5 p.m. every school day, unless otherwise posted. In playground zones, a 30 km/h speed limit is in effect every day from dawn to dusk.
- **Notice if other drivers are slowing down or stopping:** If a vehicle is stopped in front of you or in the lane next to you, they may be yielding to a pedestrian, so proceed with caution and be prepared to stop.

Whether driving, walking or cycling, expect the unexpected, stay alert and stay safe!

Immunization Information

Public health is encouraging everyone to stay up to date on their immunizations, including for COVID-19 and influenza (flu). Vaccines are safe and the best way to prevent influenza and severe illness from COVID-19. Schools are encouraged to share that staff, parents, caregivers, and students can get trusted information from [Immunize BC](#).

VACCINATIONS**

Vaccinations remain the best defence against COVID-19 and Influenza.

Stay home if you are not feeling well or are experiencing symptoms including fever and/or chills, recent onset of coughing, or diarrhea.

The general guidelines are:

- **For fever:** stay home until you do not have a fever and feel well enough to return to your regular activities.
- **For undiagnosed vomiting and diarrhea:** Stay home until there has been 24 hours since your last episode.

Staff, students or visitors can attend school if their symptoms are consistent with a previously diagnosed health condition (e.g., seasonal allergies) or symptoms have improved enough to where you feel well enough to return to regular activities, and any fever has resolved without the use of fever-reducing medication (e.g. acetaminophen, ibuprofen).

If a staff member, student or visitor develops symptoms of illness while at school and is unable to participate in regular activities, they should go home until their symptoms have improved.

The decision to wear a mask or face covering is a personal choice for everyone. This choice will be supported and treated with respect in all our schools. Disposable masks will continue to be available at our sites for those who wish to use them.

If you are unsure or concerned about your symptoms, please connect with your health care provider or call 8-1-1.

Protect Yourself And Others This Cold And Flu Season!

November 23, 2022

Nobody likes being sick, and with cold and flu season upon us, it's up to all of us to help prevent the spread of communicable disease in our school communities.

[B.C.'s Communicable Disease Guidelines for K-12 Settings](#) remain important to the ongoing protection from and prevention of respiratory illness, including colds and flus. The health and safety of our classrooms is a team effort – **students, staff and visitors are urged to stay home if they are not feeling well or are experiencing symptoms, including fever and/or chills, recent onset of coughing or diarrhea:**

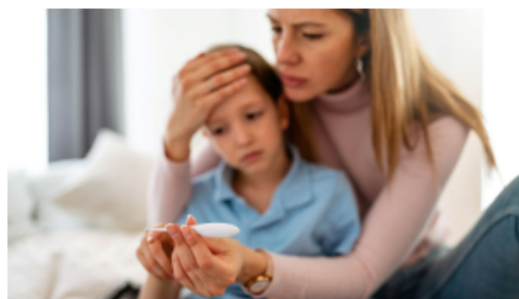

Image via iStock

- **For uncontrolled fever:** stay home until you do not have a fever and feel well enough to return to your regular activities.
- **For undiagnosed vomiting and diarrhea:** stay home until there has been 24 hours since your last episode.

In addition to staying home when you're sick, there are a few other ways you can keep yourself from getting sick and from spreading illness to others:

- **Wash your hands regularly:** Practise frequent hand hygiene to prevent the spread of germs and respiratory illness.
- **Cover your mouth when you cough or sneeze.** Cough and sneeze into your elbow instead of your hands.
- **Get your recommended vaccinations.** [Flu shots](#) are free to everyone in B.C. six months and older, and are available as a shot or a nasal spray. BC residents 6 months and older are also encouraged to get their [COVID vaccinations](#).

Staff, students or visitors may attend school if their symptoms are consistent with a previously diagnosed health condition such as seasonal allergies, or if their symptoms have improved to where they feel well enough to return to regular activities, and any fever has resolved without the use of fever-reducing medication (i.e. acetaminophen, ibuprofen).

If a staff member, student or visitor develops symptoms of illness while at school and is unable to participate in regular activities, they should go home until their symptoms have improved.

If you are unsure or concerned about your symptoms, please connect with your health care provider or call 8-1-1. For more information, check the [Provincial Communicable Disease Guidelines for K-12 Settings](#).

Thank you for continuing to keep our schools and workplaces healthy!

It's Important To Continue Doing Daily Health Assessments

May 4, 2022

Daily Health Assessments, staying home when sick, maintaining personal distancing when possible, frequent hand washing, cough and sneeze etiquette are all steps that remain in place in our schools and district facilities and help reduce the risk of COVID-19 transmission.

For those who are able, vaccination and wearing a mask while indoors also reduce your own personal risk and reduces the likelihood of transmitting to others.

For more information, check the [Provincial COVID-19 Communicable Disease Guidelines for K-12 Settings](#) or the province's [COVID-19 safe schools](#) website.

Thank you for continuing to keep our schools and workplaces healthy!

Financial Support

Financial support to make school more affordable for families that need it most.

In late August, the provincial government announced [\\$60 million in one-time funding to school districts in B.C.](#) – including \$7.385 million to Surrey Schools – to make school more affordable for students and families.

Our district has now received this funding and has allocated amounts to all of our schools. Moving forward, these funds will be used to support families struggling with the rising cost of living due to inflation.

We can use these funds at our school to ensure students can continue to participate fully in school, despite challenging financial situations.

These funds can be used to help with school supplies, food and clothing costs, and additional fees so that students in need can take part in activities, such as field trips.

Families are encouraged to reach out to principals, teachers, or their school office staff if any financial support is needed for school-based supplies or activities.

This Week at Fleetwood Park

Thursday December 1, 2022

Happy December Dragons!

It has been an interesting week of snow and Winter and learning at Fleetwood Park Secondary.

We are now in the final push before our Winter Break. Life at school is full of interesting activities and special events for our students and staff. I hope your week was a great one surrounded by happiness, new learning and good health.

On Monday, Fleetwood Park's Modern Language Department hosted the DELF Language exams. This is an internationally recognized credential that our students can earn through participation in DELF. It is a very meaningful experience for our Languages students and we thank Mr. Grant for your leadership in making this opportunity possible.

Also on Monday afternoon, we were able to bring our staff together for our monthly Staff meeting. Important topics of discussion included a review of our new Student Learning Plan, the new Indigenous Focussed Graduation Requirement, the new Reporting Order and the Grade 8 and 9 Proficiency scales, as well as a number of ongoing school systems and initiatives. It is always helpful to bring our staff together, review the latest educational issues, and celebrate the culture of our school and strengths of our team. Thanks for joining us Dragons!

On Monday evening I also met with our Parent Advisory Council. Again, another excellent opportunity to discuss the role and influence of this important group of parent volunteers across the life of our school. The PAC's budget and support of our extracurricular activities has now been allocated for the year, and our numerous clubs and teams that were financially supported by the PAC are very grateful for their help. On Monday, I was able to show the PAC the progress of our Welcome Post project. It was an opportune moment to talk about the culture of our school, the rebuilding of our community - post-pandemic, and the Welcome Post's theme of "Unity". As always, I send my gratitude to the parents of our PAC and invite all parents/guardians to join us. Our next meeting will be on January 30th at 7:00pm in the library.

This week our Student Council began decorating the school ... it's beginning to look a lot like Christmas!

On Tuesday, I had the privilege of attending a conference (Equity Lab) hosted by the school district's Indigenous Education Department. We met with a very wide group of community members to discuss the goals of Indigenous Education and how we can support the success of Indigenous learners within Surrey Schools. It was an excellent conversation, and I left feeling inspired and hopeful that we can make a difference in the lives of our students. At Fleetwood Park Secondary, we commit to honouring the Truth and Reconciliation process and engaging in this important work.

This week we welcomed Guest presenter Ms. Shyama-Priya into our school to host a Pow Wow Dance Workshop for our PHE students as part of their Dance Unit. Our students enjoyed learning several dance moves while getting their bodies moving and hearts beating! It was an excellent session. 😊

And on Tuesday afternoon the snow began to fall...

Driving conditions for the pick-up of students at the end of the day, and the commute home, were treacherous. Thank you to all drivers for your care and patience while on the roads near the school. Traffic safety on and around Fleetwood Park must continue to be a top priority for all drivers and pedestrians. This is especially important during challenging Winter weather conditions.

The previous evening's snowfall made Wednesday morning very busy. Getting the school day started required extra work and effort from everyone! Thank you to our staff for your efforts in getting to school in the morning. Thanks also go to teachers for your flexibility in covering classes that did not have supervision due to the weather conditions. I would also like to thank and recognize the many staff who grabbed snow shovels and helped dig and plough pathways around the school grounds to allow for the safe passage of our students and staff. Thank you to our students and parents for your perseverance and patience as you made your way through the snow to school. All in all, it was an excellent community effort! Thank you Dragons!

Wednesday evening was an important occasion for Fleetwood Park's Music Department. Our talented student musicians showcased their talents and hard work at this year's Winter Concert at the Bell Performing Arts Centre. Through the generous funding of the PAC, parents/guardians and family members of our Music students were able to enjoy this year's Winter Concert within the comfort and incredible acoustics of this beautiful theatre. Thank you to Ms. Sheridan, Ms. De La Vega and Mr. Robinson for your guidance and mentorship and congratulations to all of our Music students for your musical success so far this term.

Speaking of Performing Arts at Fleetwood Park Secondary, this week Dress Rehearsals began for our upcoming Theatre Production of "The Lonely Hearts Club". See this newsletter for details on showings and ticket purchase. We are looking forward to the show!

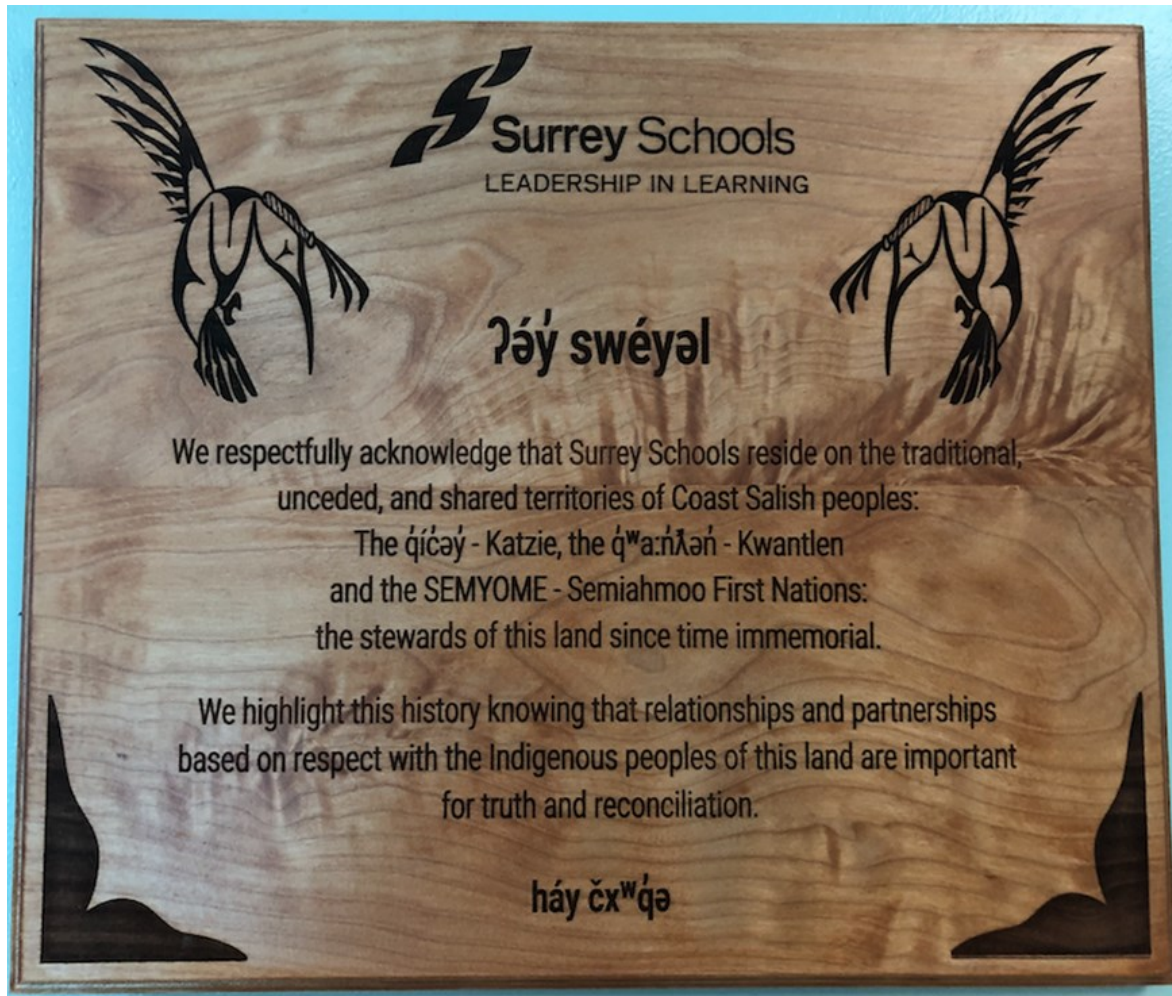

This week our Textiles 8 students were creating pillow cases. Fleetwood Park's grade 8 students are very fortunate to participate in our Electives rotations and learn so many valuable life skills.

I wish all Dragons a happy Friday and a safe and comfortable weekend.
Bundle up... it is going to be chilly!

We will see you on Monday for another week of learning and celebration! 😊
