## Poor Weather & Darker Days Require Extra Caution When Traveling To & From School

November 4, 2022

As winter weather begins to settle in and daylight hours decrease, we remind drivers and pedestrians to take care and use extra caution when traveling to and from school.

According to ICBC, nearly half of all crashes with pedestrians happen between October and January and about 80 per cent of those happen at intersections.

Even when drivers are being cautious, heavy rain and fog can limit visibility on the road, making it difficult to see pedestrians.

We all need to do our part – here are some important tips:

### Safe walking:

- **Cross only at marked or controlled crosswalks & follow traffic signals:** Do not jaywalk or cross when it isn't your turn.
- **Make eye contact with drivers as it's hard to see pedestrians when visibility is poor in fall & winter:** Never assume a driver has seen you! Be certain they see you and that they've committed to coming to a stop.
- **Watch for drivers turning left or right through the crosswalk:** Drivers may be focused on oncoming traffic and not see you.
- **Wait until a crossing guard says it's safe to cross:** If your school has a crossing guard, follow their instructions before crossing – they will make sure it's safe before guiding you across.
- **Be as reflective as possible:** This will make it easier for drivers to see you in wet weather, and at dawn and dusk.

### Safe driving:

- **Leave your phone alone:** Distraction is the leading factor for drivers in crashes involving pedestrians and cyclists. Poor weather only makes it riskier.
- **Scan crosswalks & intersections from left to right as you approach:** Take extra care in school zones and near transit stops, especially when turning at intersections.
- **Give yourself enough stopping distance:** You need more time to stop when roads are wet or slippery or when you're driving fast. At a slower speed, motorists have better chance to react when children or others are crossing the road. This could be the difference that saves a life!
- **Stick to the speed limit:** A 30 km/h speed limit is in effect in school zones from 8 a.m. to 5 p.m. every school day, unless otherwise posted. In playground zones, a 30 km/h speed limit is in effect every day from dawn to dusk.
- **Notice if other drivers are slowing down or stopping:** If a vehicle is stopped in front of you or in the lane next to you, they may be yielding to a pedestrian, so proceed with caution and be prepared to stop.

Whether driving, walking or cycling, expect the unexpected, stay alert and stay safe!

# LET'S KEEP OUR SCHOOL COMMUNITY SAFE THIS COLD AND FLU SEASON

**CLEAN HANDS  
OFTEN**

**COVER COUGHS  
AND SNEEZES**

**STAY HOME  
WHEN ILL**

**GET YOUR  
RECOMMENDED  
VACCINATIONS**

Vaccinations remain the best defence against COVID-19 and Influenza.

Stay home if you are not feeling well or are experiencing symptoms including fever and/or chills, recent onset of coughing, or diarrhea.

The general guidelines are:

- **For fever:** stay home until you do not have a fever and feel well enough to return to your regular activities.
- **For undiagnosed vomiting and diarrhea:** Stay home until there has been 24 hours since your last episode.

Staff, students or visitors can attend school if their symptoms are consistent with a previously diagnosed health condition (e.g., seasonal allergies) or symptoms have improved enough to where you feel well enough to return to regular activities, and any fever has resolved without the use of fever-reducing medication (e.g. acetaminophen, ibuprofen).

If a staff member, student or visitor develops symptoms of illness while at school and is unable to participate in regular activities, they should go home until their symptoms have improved.

The decision to wear a mask or face covering is a personal choice for everyone. This choice will be supported and treated with respect in all our schools. Disposable masks will continue to be available at our sites for those who wish to use them.

If you are unsure or concerned about your symptoms, please connect with your health care provider or call 8-1-1.

## Immunization Information

Public health is encouraging everyone to stay up to date on their immunizations, including for COVID-19 and influenza (flu). Vaccines are safe and the best way to prevent influenza and severe illness from COVID-19. Schools are encouraged to share that staff, parents, caregivers, and students can get trusted information from [Immunize BC](#).

ImmunizeBC

## It's Important To Continue Doing Daily Health Assessments

Daily Health Assessments, staying home when sick, maintaining personal distancing when possible, frequent hand washing, cough and sneeze etiquette are all steps that remain in place in our schools and district facilities and help reduce the risk of COVID-19 transmission.

For those who are able, vaccination and wearing a mask while indoors also reduce your own personal risk and reduces the likelihood of transmitting to others.

For more information, check the [Provincial COVID-19 Communicable Disease Guidelines for K-12 Settings](#) or the province's [COVID-19 safe schools](#) website.

Thank you for continuing to keep our schools and workplaces healthy!

## Financial Support

Financial support to make school more affordable for families that need it most.

In late August, the provincial government announced [\\$60 million in one-time funding to school districts in B.C.](#) – including \$7.385 million to Surrey Schools – to make school more affordable for students and families.

Our district has now received this funding and has allocated amounts to all of our schools. Moving forward, these funds will be used to support families struggling with the rising cost of living due to inflation.

We can use these funds at our school to ensure students can continue to participate fully in school, despite challenging financial situations.

These funds can be used to help with school supplies, food and clothing costs, and additional fees so that students in need can take part in activities, such as field trips.

Families are encouraged to reach out to principals, teachers, or their school office staff if any financial support is needed for school-based supplies or activities.

## Traffic safety around Fleetwood Park Secondary continues to be a critical priority for our community.

With increasing enrollment, the number of vehicles navigating around and within our school grounds also increases. It is essential that all drivers are very cautious while driving near the school and are aware of the many student pedestrians who are nearby. All students and parents/guardians are requested to consider the following:

- If possible, students – please walk and/or bike to school. Fewer vehicles attempting to drop off and/or pick up students will be very helpful.
- Do not enter the school's parking lots for drop-off/pickup. Please drop off your children 2-3 blocks away from the school and avoid the traffic congestion around the school.
- Consider drop-off/pick up earlier and/or later in the morning/ afternoons to avoid peak traffic times.
- Do not turn left onto 80<sup>th</sup> Ave out of the school lot... this creates more traffic backlog.

Thank you for your help in keeping our students safe.

# This Week at Fleetwood Park

**Thursday January 5, 2023**

Welcome Back Dragons,

I hope everyone had a relaxing and enjoyable Winter Break and Christmas with time for family, friends and special holiday traditions. We are now “back in business” and focussed on the completion of the first semester. Over the next month our students and staff will be working hard to complete their Curricular and Core Competencies and final assessments. It will be a very important time of learning, and we wish all Dragons a productive and successful semester-end. All students are reminded of the value of asking questions, seeking extra help, establishing healthy and structured study routines and asking for support as needed. Our staff are here for our students in order to ensure their success.

On the final evening before our Winter Break, I had the privilege of attending our Dragon Tales Theatre Company's production of "Lonely Hearts Club". The cast and crew played to a full house of family and friends, and it was a wonderful celebration of the hard work, dedication and talents of our students. I thoroughly enjoyed the show and send my thanks and congratulations to Mr. Rossiter and the entire Theatre company. Well done Dragons!

With our return to school, Basketball season is now in full stride. Over the next weeks our teams will be competing in a variety of tournaments including the Surrey Firefighter's Goodwill Games and the Surrey RCMP Classic. We are in for some exciting and entertaining games. Good luck to all of our Basketball teams this season.

Fleetwood Park's students and staff are very reflective and creative. The classroom hallway displays are powerful examples of their learning and thinking. We appreciate these glimpses into the learning process and celebration of our school culture.

I hope your first week back has been filled with the joys of friendships and re-establishing routines of health, discipline, growth and productivity. The next month at Fleetwood Park Secondary will be full of new challenges, excellence in learning, celebration and reward.

Happy New Year Dragons!

Ken
