The gym at Fleetwood Park Secondary was filled for another Zumbathon for Cancer led by Elaine Chong, this time with her sister there as a special guest.

Chong says she began the fitness-themed fundraiser 10 years ago for sister Caroline after she was diagnosed with Thyroid cancer. Always living abroad, Caroline had not attended the event herself — that is, until the evening of Friday, June 2, when the 10th annual Zumbathon was held at the Surrey school, where Elaine teaches.

"This year she (Caroline) came all the way from New York to celebrate with me," Chong said of her sister.

Please be advised that the Board of Education has approved the Amendment to the 2023-2024 local school calendar to recognize the **National Day for Truth and Reconciliation** on **October 2, 2023**, as a day where schools are not in session.

Appendix: Legislation and School Fees

Instruction is provided free of charge to all students registered in a school's education program sufficient to meet the general requirements of graduation, and it shall provide free of charge any resource material necessary to participate in that program. The School Act permits the charging of fees for certain items. In Surrey secondary schools, the following structure applies through Board Policy 9802 related to fees and any costs for students or families. Any school fees will be communicated to parents and students of each school's community on an annual basis.

Basic School Supplies

Students will need to provide their own basic supplies and equipment for their own personal use at school. This includes supplies such as paper, writing tools, calculators, notebooks, gym strip, sewing kits, and some other items needed for various electives.

Inability to pay fees

The district's hardship policy is an important part of our fees. No student will be denied the ability to participate in any part of the school's educational programs as a result of an inability to pay. Every school must develop a process whereby fees may be waived because of financial hardship. The process must incorporate the principles of fairness, confidentiality, and sensitivity, while maintaining family respect and dignity. All letters to parents requesting payment of a fee will include a statement that explains the school district's fee waiver policy and the protection of privacy.

Student Activity Fee

This fee is charged to all students and is in the range of \$20 - 25 per student. Each school will communicate to parents and students the breakdown of where the funds from activity fees are directed.

At Fleetwood Park, the student activity fee of \$20 is allocated to:

- \$5.00 Student Items provided by office: school app, locks/locker maintenance
- \$8.00 Student Council and Leadership Events that can benefit all students: Grade 8-12 pancake breakfasts; School-wide BBQs; spirit activities; school dances; student-directed events
- \$7.00 Student Athletics that can benefit all students (intramurals, games and related equipment)

Athletics

Participation in athletics and organized sports is an important part of a school's culture. Each secondary school is unique in the sports offered and the levels at which they participate. Students can expect a cost for participation which is dependent on the level of the sport, the number of games or tournaments played, the travel involved as well as other factors including fees for referees which are paid by the school. A significant portion of the costs associated with athletics goes to the provincial bodies that organize these events. Every attempt is made to keep costs to a minimum and it is normal practice to have parents pay in a lump sum at the beginning of any one-sport season so parents understand the true costs involved for full participation. No school shall generate an ongoing surplus as the result of collection of fees for athletic programs and organized extracurricular sports. **At Fleetwood Park, athletic fees, in minor and major sports, pay for the athletic banquet and awards, a Fleetwood Park Athletics t-shirt, and association fees.**

Certification

Some programs include a component that offers an external certificate recognizing unique qualifications. Examples are St. John's First Aid and Food Safe. These certificates help prepare students for employment and schools charge a fee to recover the cost of certification. The cost to the student will match the cost to the school for the certificate.

Examinations

Some programs offer external examinations where students can obtain credit for post-secondary institutions as a result of successfully completing the exam. International Baccalaureate and Advanced Placement are examples. Where students take these exams, a fee is charged to recover the cost of the examination and the fee shall be less than or equal to the actual cost of the exam.

Field trips

Students may be charged fees for expenses such as transportation, accommodation, meals, entrance fees and equipment rentals for optional field trips, or other extracurricular outings or events. Students will not be charged fees for any field studies/field trips where attendance is mandatory as part of a course or program.

Graduation Commencement Ceremonies

The graduation ceremony is an important tradition that represents the end of a student's school experience. Costs do apply as these extracurricular events are hosted in a variety of venues across the district and different traditions and formats require different levels of student costs. No student will be denied the ability to participate in a graduation ceremony due to an inability to pay the cost. Every effort is made to keep costs to a minimum and no school will compile an ongoing surplus as a result of monies collected to host a graduation ceremony.

International Baccalaureate (IB)

The IB program is based on standards and curriculum developed by the International Baccalaureate Organization. This program meets all requirements of our province and also offers additional opportunities and enhancements. A Board may charge a fee for students enrolled in an IB program for direct costs that are above and beyond the costs required for a standard educational program. These fees must be published on an annual basis.

Materials consumed in a course

In courses that consume materials (e.g. art, cooking, woodworking, metalwork, science) schools can only charge for materials or goods that are surplus to what would be necessary for the student to meet the expected outcomes in a course. If a student is going beyond the basic requirements of a course and creating projects for personal use (e.g. creating a table of mahogany rather than plywood), then the student may bring their own materials from home or the cost for the materials for these enhanced projects may be recovered through a fee.

Musical Instruments

A board may charge a fee for the rental of a musical instrument for the student's personal use or the student may provide their own instrument when he/she is part of a fine arts class or a course with a musical component. **At Fleetwood Park, a repair and maintenance fee will be charged for instruments loaned out to students. Details will be provided to parents based on instrument.**

Specialty Academies

Some schools have "specialty academies" which is an educational program that emphasizes a particular sport, activity or subject area. All academies require consultation with the Parent Advisory Council of a school and approval of the Board of Education. As part of the Board approval, a specific fee may be charged to support the academy and that fee must be directly related to the activities that are above and beyond a standard educational program. **Fleetwood Park has AP Calculus.**

Students in Apprenticeship Programs

Where students participate in a trades program that results in certification or is part of an Industry Training Authority apprenticeship, fees may be charged for the rental of tools, equipment and materials necessary for participation in the program or the Board may require the student to purchase his or her own tools, equipment and materials required for the program.

Textbook or Calculator Deposits

In accordance with the School Act, the Board may require deposits for educational resource materials, such as textbooks, novels and other resource materials. The Board will refund all of the deposit to the student upon return of the educational resource materials in good condition. Students will be advised of terms of the deposit at the time the deposit is required. Waiver procedures must be in place for all deposits.

Uniforms

Students sometimes need special clothing (uniforms for band or for cafeteria) to participate in an educational program. These clothes are not a requirement to participate in a program but are logical savings for parents where clothes could be soiled or damaged in shops or the cafeteria. If the clothes (e.g. band or choir uniforms) are owned by the school, a fully refundable deposit may be required to ensure the return in good condition.

Workbooks

Workbooks are optional enhancements to educational programs. These workbooks are designed for a student's personal use as they will write in the books during the course of instruction. Where a workbook is regularly used as part of a course and a student does not wish to purchase their own workbook, one will be provided and students will not be permitted to write in the workbook.

Where there is an optional fee for a workbook, that fee will match as close as reasonably possible to the exact cost of the workbook to the school. No school will accumulate an ongoing surplus as a result of workbook fees.

Yearbooks

Yearbooks are common in schools and are optional. The cost for a yearbook for a school shall be directly related to the development and publishing costs of the yearbook and no school shall generate an ongoing surplus as the result of the fees charged to students who wish to buy a yearbook.

Summer Programs

Fleetwood Park will be hosting two new summer enhancement programs this year for students entering grades 8-10 in the fall. These FREE programs will run July 4 – 21 in room A220.

Two New Mental Health Animated Videos

The next two in our series of six animated, multilingual [mental health videos](#) are now available for students, Families and educators.

Healthy vs Unhealthy Stress defines the different types of stresses – explaining that some kinds of stress are actually ok, while others can have negative impacts on well-being. The video outlines the potential harms of unhealthy stress and healthy strategies to manage it.

Health & Wellness explains what physical and mental wellness is and how best to take steps – even small ones – toward achieving it.

The first two – **Navigating Life Changes & Digital Stress** – were released last month, with 2 more coming in June. Each of the videos is available in an elementary version for primary students and a secondary version for students in upper-intermediate and senior grades. All of the videos are also available in French, Punjabi, Arabic and Mandarin, all with closed captioning.

What is student reporting

Student reporting is the assessment and communication of student learning. Every student in B.C. receives communications from the school at different times in the school year that provide parents, caregivers, and students with information about student learning. The way teachers and schools communicate student learning, and the format of traditional report cards is shifting.

BC's globally recognized curriculum supports the development of citizens who are personally and socially competent in all areas of their lives.

Financial Support

Financial support to make school more affordable for families that need it most.

In late August, the provincial government announced [\\$60 million in one-time funding to school districts in B.C.](#) – including \$7.385 million to Surrey Schools – to make school more affordable for students and families.

Our district has now received this funding and has allocated amounts to all of our schools. Moving forward, these funds will be used to support families struggling with the rising cost of living due to inflation.

We can use these funds at our school to ensure students can continue to participate fully in school, despite challenging financial situations.

These funds can be used to help with school supplies, food and clothing costs, and additional fees so that students in need can take part in activities, such as field trips.

Families are encouraged to reach out to principals, teachers, or their school office staff if any financial support is needed for school-based supplies or activities.

How do I register my child in the Surrey School District?

Thank you for choosing to register your child within the Surrey School District. We are excited to welcome them to the district and are committed to ensuring your student is enrolled in class and engaged in learning as soon as possible.

Parking Lot Pedestrian Safety

All students are reminded to please be very cautious when you are walking through our parking lots. Please watch for cars, do not block traffic. Please use sidewalks whenever possible.

Thank you.

Traffic safety around Fleetwood Park Secondary continues to be a critical priority for our community.

With increasing enrollment, the number of vehicles navigating around and within our school grounds also increases. It is essential that all drivers are very cautious while driving near the school and are aware of the many student pedestrians who are nearby. All students and parents/guardians are requested to consider the following:

- If possible, students – please walk and/or bike to school. Fewer vehicles attempting to drop off and/or pick up students will be very helpful.
- Do not enter the school's parking lots for drop-off/pickup. Please drop off your children 2-3 blocks away from the school and avoid the traffic congestion around the school.
- Consider drop-off/pick up earlier and/or later in the morning/ afternoons to avoid peak traffic times.
- Do not turn left onto 80th Ave out of the school lot... this creates more traffic backlog.

Thank you for your help in keeping our students safe.

This Week at Fleetwood Park

Thursday June 8th, 2023

Good morning Dragons!

We are in the final push of the 22/23 school year and the days of June are quickly slipping past us! It is a fun, busy and important time of learning at Fleetwood Park Secondary with much happening across our school community. Our students and staff are working very hard to complete their courses and are participating in the many year-end celebrations of learning and success. All students are reminded to stay focussed, study hard and achieve your very best in the final weeks of the year.

Last week our Dance students enjoyed their Dance workshop in Squamish.

Last Friday evening Ms. Chong's Zumbathon was held in our large gymnasium. The fundraiser was a great success, with a huge turnout of participants and significant funds raised for the fight against cancer. Congratulations to Ms. Chong for all you have achieved and contributed, and thank you to all students and parents and friends who attended. 😊

This week is Pride Week at Fleetwood Park. It is an important opportunity to reaffirm our commitment to Fleetwood Park's culture of inclusion, respect and safety for all students. We recognize and support our LGBTQ+ community in allyship and celebrate the diversity and equity that our school represents. Special thanks to our GSA club for your leadership and organization of the week and the activities and awareness that you have promoted. Way to go Dragons!

On Monday evening we hosted our annual Athletics Banquet. This was the largest Athletics Banquet I have attended over many years... and it was a testament to the success and vitality of our Athletics program. Hundreds of students joined us to celebrate their seasons of dedication, teamwork and skill development. We were able to recognize our students, coaches, and volunteers for all they have given to the Fleetwood Park community. Congratulations to all student-athletes. The lessons, skills, habits, fitness and service you have developed on the field of play will support you throughout your lives. I'd like to recognize and thank all coaches, managers and volunteers for your countless hours of time and commitment to our Athletics program. Without you, this success would not be possible. Thank you so much!

Tuesday was another very special day at the school. We hosted all of next year's Grade 8 students, the class of 2028, for a morning of fun, friendship, orientation and team building. Great thanks for Ms. Smeltzer and Mr. England for your leadership in hosting the event. The students were greeted in the morning with a student tunnel of high fives and smiles! It was a great morning of positivity and a wonderful welcome to our newest Dragons. We are very proud of the caring and supportive programming provided to our Grade 8 class, and know that next year's students will enjoy becoming members of the Dragon family. Great thanks to our Leadership students for all of your work in hosting the various activities for the Grade 7's... you are all excellent role models.

At lunchtime on Tuesday, we held the Fleetwood Park Pride parade. Again, it was a chance to celebrate our inclusive and caring Fleetwood Park Secondary culture and was an important message of allyship.

Tuesday evening brought the final Parent Advisory Council meeting of the year. Our incoming Principal Ms. J. Perry was able to join us and introduce herself to this important group of parent volunteers. We were able to review the many year-end activities that have been happening across our school and thank the PAC for their assistance over the year. Special thanks to our Executive, Ms. Pooni, Mr. Dhungana, Ms. Williams, Ms. Gill and Ms. Lin, Mr. Yao for all of your leadership and support. Our next PAC meeting will be held on September 25th at 7:00pm in our Library. All parents/guardians are invited to join us.

Next week will bring us another very important tradition with our Graduation Commencement Ceremony for the class of 2023. It will be held at the Bell Centre for the Performing Arts and will celebrate the 13 years of public education and accomplishments of our students. It will be a very special evening of recognition and create more lifelong memories.

I hope you have had an excellent week. Thank you to all Dragons for all of your hard work and commitment to our school community. Have a happy and restful weekend.

Ken
