LTSS STUDENT CODE OF CONDUCT

The purpose of the Student Code of Conduct is to provide a safe, caring and orderly school environment. This policy applies to any student who is on school property, who is in attendance at school or at any school sponsored activity or whose conduct at any time or any place interferes with, or obstructs, the safety or the welfare of students or employees. Items of appropriate student behaviour are mentioned below. However, it must be remembered that the behaviours cited in the Code of Conduct are examples only and not an all-inclusive list. There are rising expectations for behaviour as students mature through the years and the consequences for behaviour will take into account the student's age, maturity and unique needs, as well as the severity and frequency of the actions. Consequences for behaviour will focus on being restorative in nature. Reasonable steps will be taken by the student to acknowledge, take responsibility for, and repair harm caused by their actions. Measures will be taken to prevent retaliation against a student who has reported a breach of the Code of Conduct; however, this must also be balanced with the school's responsibility to advise or notify other parties of serious breaches when safety mandates it.

Assemblies

Assemblies are held at various times throughout the year for special purposes in an environment different from the classroom. These assemblies include holding pep rallies, hearing speakers or seeing performances. Performers and guests must be treated with politeness and respect at all times and appropriate audience behavior is expected.

Attendance

There is a direct relationship between attendance and academic success in school. Students absent from class are responsible for obtaining and completing assignments missed. It is a student's responsibility to:

- Attend all classes and to provide your teacher with an explanation of all absences.
- Sign in and out when leaving or returning to the school during class time.
- Have a parent or guardian phone the school in the morning if you are ill or have a family emergency.
- Schedule, whenever possible, medical, dental or other appointments outside of class time.
- If you are away for an extended period of time (more than 3 days) please complete the extended absence form which is located in the main office.
- If you are absent from any class, without a valid reason, you may not be permitted to participate in any of that day's extra-curricular activities or school sponsored events.

Lates

1. Students who arrive late should report directly to their classroom teacher. '.
2. Students who have excused lates, with parent/guardian or doctor's note, should report to office prior to their return to class.
3. Teachers will assign consequences for students who are late for their class.
4. Vice-principals will deal with chronic attendance and tardiness problems.
5. Failure to sign in will be considered truancy.

Truancy

Any student found to be chronically truant or tardy from school will make up missed class time. Students sixteen years of age or over who do not attend school on a consistent basis may be placed on a performance contract or withdrawn from school.

Day to Day Behaviours

Appropriate student conduct is expected while travelling to and from school, at school or at any school sponsored function.

- Head coverings that are worn for religious purposes may be worn at all times. All other head coverings that are in compliance with the

LTSS Student Dress Code may be worn in all common areas of the school with the exception that teachers will determine and communicate best practice for their own classroom.

- Skateboards, roller blades, scooters and bikes or any other ride-ons are not to be used on school property.
- Dress Code – A respectful and safe atmosphere is important to citizenship at Lord Tweedsmuir. Clothing is expected to be appropriate to a working and learning environment and respectful to colleagues and students.
- The dress code attempts to balance individual liberty, social convention, functionality, community standards and school community values.
- The school's dress code is not intended to stifle freedom of expression; however, attire should not be distracting or offensive.
- This guide will not only help students to dress appropriately, but also teach students to make good independent decisions regarding dress.

Inappropriate attire includes:

- Obscene clothing
- Attire that promotes alcohol or drugs
- Anything that displays offensive language or images
- Encourages racism or bigotry
- Clothing presents a health or safety problem
- Student's attire causes a disruption to the educational process
- Clothing displays threatening language or reference to violence
- Derogatory and discriminating language displayed anywhere on student's clothing

Detentions

Occasionally, teachers will assign detentions as a consequence for classroom behaviours. School detentions can be given for recurring tardiness and/or for an infraction of a classroom or school rule. It is your responsibility to serve the detention on the day it is assigned. If you have more than one detention on any given day, you must let both your teachers know and ensure that proper arrangements are made.

Unsafe Behaviours

In order to meet District-wide requirements and to comply with the Safe & Caring Schools Policy 9410, Regulations 9410.1 and Disciplinary Guide 9410.2, the Safe and Caring Schools Department provides the following list of core inclusions:

Any student wishing to leave the building during the day, except for study blocks, must sign out at the office. A note or phone call home will be required. Failure to sign out will be considered truancy.

Intellectual Dishonesty/Cheating

Intellectual dishonesty occurs when a student deliberately uses another person's work (written, electronic, and visual) and presents it as his or her own with the intent to deceive. Cheating also occurs when a student allows his or her work to be used in this way.

Reckless or discourteous driving will not be tolerated and may result in immediate loss of parking privileges. New drivers must display a new driver sign and have no more than one passenger in the vehicle unless the passenger(s) is an immediate family member. The School is not responsible for damage incurred while parking in the lot.

Theft

When a student takes or removes the property of the school or of other persons without permission, it is considered theft. Students may be referred to the office administration for disciplinary action and may also be referred to legal authorities for action.

Students who disrupt the normal operation of another school may be suspended from school or possibly suspended to the School Board for placement in another educational program.

Conducting Searches

The Principal, Vice Principal or Board-approved designate may conduct random locker searches to ensure compliance with school board policy regarding intoxicating or controlled substances and weapons.

A Principal or Vice Principal may conduct or authorize a search of a student, personal property or locker if there are reasonable grounds to believe that policy has been or is being violated and that evidence of the violation will be found in the location or on the person of the student searched.

The following may constitute reasonable grounds in this context:

- *information received from a student believed to be credible;*
- *a teacher's or administrator's observation; or*
- *any combination of sources of information which the relevant authority considers to be credible.*

Where the Principal or Vice Principal or designate conducts a search or interview with a student and the student is subject to school-initiated disciplinary action only, the following guidelines will be observed:

- *the reason and purpose of the search or interview will be clearly stated to the student(s);*
- *the search or interview will be conducted in a private area in a respectful manner which recognizes the right to a fair hearing and avoids threat or duress; and*
