## BIG IDEAS

Listening and viewing with intent supports our acquisition and understanding of French.	We can express ourselves and talk about the world around us in French.	With increasing fluency in French, we can participate more actively in <b>reciprocal</b> interactions.	We can share our experiences and perspective through <b>stories</b> .	We can experience authentic Francophone cultures through <b>creative works</b> .	Our understanding of culture is influenced by the languages we speak and the communities with which we engage.

## Evaluation

### FORMATIVE - Practice and Learning Throughout the Year

Students will receive descriptive or informal feedback throughout the year. The purpose of this type of assessment is to help students understand where they are with their learning and what they need to do in order to improve. Students will also have many opportunities to reflect on their own learning throughout the year. It is expected that students will use the feedback they receive to address the following three questions:

- Where am I now? What can I do well?
- Where do I want to go? What goals will I set?
- What do I need to do / to improve to get there?
