What Happens If ...

1) You are late to class

- Late students miss important information and disturb others by interrupting the class and teacher
- Late students will ONLY enter the class when it is convenient for me to let students in. Wait outside until I call you
- Penalties for unexcused late
 - a) First few offences: Detention to be served
 - b) Habitual tardiness: Phone call home / office detention

2) You miss a class

- Bring a note from your parent/guardian/doctor excusing your absence
- Take responsibility immediately and see me outside of your class to catch up on missed work.
- If you miss a test, you need to see me in order to schedule a make up
- For any students missing school for extended vacation: It is the sole responsibility of the students to catch up on missed assignments upon their return.

3) You forgot to do your homework

- I expect all homework done and ready for marking at the beginning of the class period. That is when you get to ask questions & get help from me on your skill builder.

4) You are caught copying someone else's work. Cheating and plagiarism (copying someone else' work and submitting it as your own, use electronic devices during test/quiz) is a serious offense and you will be sent to the office for the consequences.

Parents and Guardians: If you have an e-mail, and need to communicate with me, please send me a message at hosthino_t@surreyshools.ca. This is often the fastest way to contact me throughout the year with any questions or concerns you may have in regard to your child's progress or course related material. I look forward to hearing from you soon.
