

HUMANTIES 8 (2023-24)

COURSE OUTLINE

Teacher: Mr. K. Visscher

Contact Information: visscher_kevin@surreyschools.ca

Room: C103

MS Teams Code: 0qwetto

Course Description

Humanities 8 is a yearlong course combining the disciplines of English and Social Studies 8. Throughout the course, students will be using a variety of skills consistent with the new curriculum that will allow them to develop their critical and historical thinking skills in the discipline of Social Studies 8 (<https://curriculum.gov.bc.ca/curriculum/social-studies/8>). In the English 8 portion of the course, students will be using a wide range of strategies to analyze different texts and develop their own ability to create meaningful responses and original compositions (<https://curriculum.gov.bc.ca/curriculum/english-language-arts/8>).

Communication

- Ongoing course communication will be made through MS Teams; join the team by using the class code above.
- Assignments, handouts, and notes will be posted regularly on MS Teams.
- At mid-course, there will be an Interim Report.
- There will be a formal, final report at the end of the course.

Assessment

As this is a yearlong course, the focus is for students to improve their skills and corresponding academic standing throughout the year. This means that students will be assessed formatively to ensure that they are honing their reading comprehension skills and developing their analytical skills. To this end, students will be responsible for self-assessment before completing all assignments so that they can reflect on their learning process. Many assignments will be done during class time and as such, students will be receiving minimal homework.

The new Ministry of Education Assessment and Reporting Order has changed the way we report to parents. We will now be communicating *with* parents rather than reporting *to* parents. Students will be assessed on the following levels of competency at grade level:

Student work will be evaluated in the following way:

- Assessment *for* Learning (Assignments, Quizzes and Projects) = 50%
- Assessment *of* Learning (Unit Tests and Final Assessment) = 50%

Not Yet Meeting Min Requirements	Emerging	Developing	Proficient	Extending
Student is not meeting the minimum requirements	The student demonstrates an initial understanding of the concepts and competencies	The student demonstrates a partial understanding of the concepts and competencies.	The student demonstrates a complete understanding of the concepts and competencies.	The student demonstrates an above and beyond understanding of the concepts and competencies.
