Course Description/Theme:

Social Studies 10 is a survey course of 20th century history with a definite emphasis on Canada. There are three main components to the course: **history, human geography and government.** To be successful in SS10 you should come prepared to learn and work hard every day. Much of the content in this course requires you to think and process information at a high level.

Tips for success:

Stay organized! Put your name, a title, and the date on all of your work. Also, having a separate divider in your binder for each unit will also help you stay organized.

Additionally, each week you will do a current events assignment for homework. Take each one seriously – it makes a huge difference to your overall grade.

Big Ideas:

- Global and regional conflicts have been a powerful force in shaping our contemporary world and identities.
- The development of political institutions is influenced by economic, social, ideological, and geographic factors.
- Worldviews lead to different perspectives and ideas about developments in Canadian society.
- Historical and contemporary injustices challenge the narrative and identity of Canada as an inclusive, multicultural society.

Attendance Policy:

Regular and prompt class attendance is an essential part of the educational experience. Students are expected to exercise good judgment regarding attendance and absences. Please let your teacher know if you will be away or have a planned absence (especially during quiz/test days). Students will accept full responsibility for ensuring their work does not suffer because of absences. All students are expected to attend every scheduled class on time. Exceptions may be made for illness and valid emergencies.

Late Policy:

If you are running late, our classroom door will always be open for you to enter respectfully and quietly. Please take a moment to chat with Mrs. Sidhu at the end of class (if necessary).

Classroom Expectations:

1. Students will come to class on time prepared and ready to learn.
2. Students will complete all assignments. Make-up work is only accepted after an excused absence. It is your responsibility to see me for your work before/after school. I am also available via email to forward you any missing work. Please take the initiative to connect with me.
3. All students will be respectful while other students read aloud.
4. The teachers and students will work together for a respectful, safe classroom.
5. Participation in class discussions will enhance all students' learning experiences.
6. Students are expected to have all assigned readings completed; this may require some reading to be completed outside of the classroom.
7. Cell phones, airpods and any other personal items are prohibited in class at any time.

Class Requirements:

Students will be required to complete and pass writing assignments, research projects, tests/exams, and current events work. Students will also be required to read outside of class, participate meaningfully and respectfully in classroom discussions, maintain good attendance, have a respectful and positive attitude, and come to class ready to learn!

Rewrite Policy:

Any written assignment that receives a less than desirable grade may be revised and rescored, so long as it was initially submitted on time, a student-teacher conference has taken place, and the rewritten assignment is resubmitted in a timely fashion. You have to the right to produce your best work, always!

Plagiarism, Cheating, and Academic Integrity:

Plagiarism is the practice of copying words, sentences, images, or ideas for use in written or oral assessments without giving proper credit to the source. Cheating is defined as the giving or receiving of illegal help on anything that has been determined by the teacher to be an individual effort. Both are considered serious offenses and will significantly affect your course grade. Please refer to the Student Code of Conduct booklet for additional information.

Methodology:

A combination of lecture, class discussion, presentations, videos, cooperative learning, and reflection-based learning will be used in this course. The grade of each assignment is based on the criteria/rubric given for each assignment.

Our classroom and school are a bullying-free environment. Please do your part in keeping our schools safe. We will look over our Surrey Schools and Panorama Ridge Policies & Procedures for us to review.
