

How do I register my child in the Surrey School District?

Thank you for choosing to register your child within the Surrey School District. We are excited to welcome them to the district and are committed to ensuring your student is enrolled in class and engaged in learning as soon as possible.

WHEN CAN I REGISTER?

Registration is open for students throughout the year for the current school year. Registration for the upcoming school year begins in January. This includes kindergarten students.

Please register for your neighbourhood school by visiting www.surreyschools.ca and clicking the 'Register Today' button in the top right or scan the QR code here. The site includes the School Locator tool which you can use to identify your catchment school. If you would like assistance, contact your catchment school directly for support.

It is not our school district's practice to share student or parent information with federal immigration authorities unless there is a specific case where it may be required to do so by law.

The B.C. government requests that all students in B.C. have their vaccination status reported. This regulation supports public health to control outbreaks and keeps students healthy and safe.

For more information on the Vaccination Status Reporting Regulation please visit: immunizebc.ca/vaccination-status-reporting-regulation or visit Fraserhealth.ca/immunizations.

When registering, we encourage parents and guardians to share information about their child in order to support a successful transition to school and ensure the educational team is aware of the student's unique and diverse learning needs. Report cards and other support documents are always helpful.
