

Physical and health education assessment criteria: Year 5

Criterion A: Knowing and understanding

Maximum: 8

At the end of year 5, students should be able to:

- i. explain physical and health education factual, procedural and conceptual knowledge
- ii. apply physical and health education knowledge to analyse issues and solve problems set in familiar and unfamiliar situations
- iii. apply physical and health terminology effectively to communicate understanding.

Achievement level	Level descriptor
0	The student does not reach a standard described by any of the descriptors below.
1–2	The student: <ol style="list-style-type: none"> i. states physical and health education factual, procedural and conceptual knowledge ii. applies physical and health education knowledge to investigate issues and suggest solutions to problems set in familiar situations iii. applies physical and health terminology to communicate understanding with limited success.
3–4	The student: <ol style="list-style-type: none"> i. outlines physical and health education factual, procedural and conceptual knowledge ii. applies physical and health education knowledge to analyse issues and to solve problems set in familiar situations iii. applies physical and health terminology to communicate understanding.
5–6	The student: <ol style="list-style-type: none"> i. identifies physical and health education factual, procedural and conceptual knowledge ii. applies physical and health education knowledge to analyse issues and to solve problems set in familiar and unfamiliar situations iii. applies physical and health terminology consistently to communicate understanding.

Physical and health education assessment criteria:

Achievement level	Level descriptor
7-8	The student: i. explains physical and health education factual, procedural and conceptual knowledge ii. applies physical and health education knowledge to analyse complex issues and to solve complex problems set in familiar and unfamiliar situations iii. applies physical and health terminology consistently and effectively to communicate understanding.

Notes for criterion A

- Criterion A must be assessed in non-performance/non-playing situations.
- Criterion A can be assessed only through written or oral tasks.

Criterion B: Planning for performance

Maximum: 8

At the end of year 5, students should be able to:

- i. develop goals to enhance performance
- ii. design, explain and justify a plan to improve physical performance and health.

Achievement level	Level descriptor
0	The student does not reach a standard described by any of the descriptors below.
1–2	The student: <ol style="list-style-type: none"> i. identifies goals to enhance performance ii. constructs a plan to improve physical performance and health.
3–4	The student: <ol style="list-style-type: none"> i. outlines goals to enhance performance ii. constructs and describes a plan to improve physical performance and health.
5–6	The student: <ol style="list-style-type: none"> i. explains goals to enhance performance ii. designs and explains a plan to improve physical performance and health.
7–8	The student: <ol style="list-style-type: none"> i. develops goals to enhance performance ii. designs, explains and justifies a plan to improve physical performance and health.

Notes for criterion B

- Criterion B can be assessed through units that require students to inquire and plan. Examples include: composition of aesthetic movement routines (such as gymnastics, dance, sport aerobics, martial arts), fitness training programmes, coaching programmes, game creation and laboratory investigations (such as fitness, skill acquisition, energy systems).

Criterion C: Applying and performing

Maximum: 8

At the end of year 5, students should be able to:

- i. demonstrate and apply a range of skills and techniques effectively
- ii. demonstrate and apply a range of strategies and movement concepts effectively
- iii. analyse and apply information to perform effectively.

Achievement level	Level descriptor
0	The student does not reach a standard described by any of the descriptors below.
1–2	The student: <ol style="list-style-type: none"> i. demonstrates and applies skills and techniques with limited success ii. demonstrates and applies strategies and movement concepts with limited success iii. recalls information to perform.
3–4	The student: <ol style="list-style-type: none"> i. demonstrates and applies skills and techniques ii. demonstrates and applies strategies and movement concepts iii. identifies and applies information to perform.
5–6	The student: <ol style="list-style-type: none"> i. demonstrates and applies a range of skills and techniques ii. demonstrates and applies a range of strategies and movement concepts iii. analyses and applies information to perform.
7–8	The student: <ol style="list-style-type: none"> i. demonstrates and applies a range of skills and techniques effectively ii. demonstrates and applies a range of strategies and movement concepts effectively iii. analyses and applies information to perform effectively.

Notes for criterion C

- Criterion C must be assessed in **performance/playing situations**.
- A student's ability to demonstrate and apply **skills and techniques** could include: accuracy, efficiency, control, coordination, timing, fluency, speed and power.
- A student's ability to demonstrate and apply **strategies and movement concepts** could include: the use of space, force and flow of movement and adaptation to various situations.
- A student's ability to analyse and apply **information** to perform effectively could include: reading the situation, processing information, responding to feedback and making appropriate decisions. Depending on the nature of the activity, these sorts of characteristics should be considered.
- Criterion C is not appropriate for assessing replication of movement routines and umpiring/ refereeing.
- Criterion C, strand iii (analyse and apply information to perform effectively) is not applicable for eAssessment.

Criterion D: Reflecting and improving performance

Maximum: 8

At the end of year 5, students should be able to:

- i. explain and demonstrate strategies to enhance interpersonal skills
- ii. analyse and evaluate the effectiveness of a plan based on the outcome
- iii. analyse and evaluate performance.

Achievement level	Level descriptor
0	The student does not reach a standard described by any of the descriptors below.
1–2	The student: <ol style="list-style-type: none"> i. identifies and demonstrates strategies to enhance interpersonal skills ii. outlines the effectiveness of a plan based on the outcome iii. outlines and summarizes performance.
3–4	The student: <ol style="list-style-type: none"> i. outlines and demonstrates strategies to enhance interpersonal skills ii. explains the effectiveness of a plan based on the outcome iii. describes and summarizes performance.
5–6	The student: <ol style="list-style-type: none"> i. describes and demonstrates strategies to enhance interpersonal skills ii. analyses the effectiveness of a plan based on the outcome iii. explains and evaluates performance.
7–8	The student: <ol style="list-style-type: none"> i. explains and demonstrates strategies to enhance interpersonal skills ii. analyses and evaluates the effectiveness of a plan based on the outcome iii. analyses and evaluates performance.

Notes for criterion D

- Criterion D is appropriate for assessing personal and social development in sports/performance leadership and officiating.
- This criterion is not appropriate for assessing plans for learning how to demonstrate isolated skills. For example, criterion D is not used to assess a student's plan for demonstrating an isolated skill such as tackling in rugby. However, it is appropriate to assess the effectiveness of a plan for improving defensive performance in rugby by developing a range of skills, strategies and techniques. In this situation, the student may plan to improve multiple areas such as strength, speed, cardiovascular fitness, tackling technique or formation in order to improve overall defensive performance.
