WELCOME TO ONLINE COURSE SELECTION FOR GRADE 9

Course Selection is an important process and should be carried out with Parents and Counsellors. Student course selections determine the courses that will be offered (or not) the next school year. It is important, therefore, that you make thoughtful and careful decisions. It takes several months to build the Master timetable and requests for changes will not usually be accommodated so plan and select carefully. Our goal is to support student plans for a successful school year.

Process:

1. Click the "Select" button and follow the directions.
2. Add any additional information under "Notes for Counsellor".

**** The screen shots are examples. In the portal, the courses will be applicable to your grade level. ****
