Peace Arch Elementary just got a little bit greener! **Many thanks to parent volunteer-extraordinaire Chantal M.** for starting up the “Crayola ColorCycle” felt-pen/marker recycling program at our school! It’s an amazing new program devised to turn used markers into energy! All around Peace Arch students and teachers will be collecting used markers that are ready to be thrown out. The markers will be sent to a facility where they’ll be converted into clean fuel.

Please help support our efforts by sending your kids in with any used markers you may have around the house – **even non-Crayola brands, including dry-erase markers, sharpies, and highlighters!** Drop-off boxes will be located around the school for your child to deposit the markers. Thank you for participating! With your help, we can keep tons of plastic out of landfills each year. Remember, don’t throw out that used marker—ColorCycle it!
