

Welcome to our school!

We are excited to have your family join our school community!

Surrey is home to the largest urban Indigenous population in B.C., and we are the largest school district in the province, with elementary and secondary schools across Surrey and White Rock.

We have many programs and services to ensure every child has access to all they need to thrive, including:

- meal programs for students and families who may be in need of support
- language assistance for those whose first language is not English
- counselling to assist students with social, educational, career and other challenges
- supports for students with diverse abilities and needs, including the development of an Individual Education Plan (IEP) which identifies your child's strengths, needs, goals, and the supports and services required to achieve those goals
- Indigenous learning services that can provide enhanced supports for Indigenous students in kindergarten to Grade 12
- a Welcome Centre for families new to Canada, where staff can provide settlement help and guidance in Punjabi, Arabic, Chinese, Spanish, Korean, Tagalog and many more languages.
- playgrounds, sports facilities & recreation programs to encourage play and physical activity
- clubs & programs, including music, drama, leadership, math, science and more to encourage students to explore various interests and learn the values of teamwork, individual and group responsibility, and a sense of culture and community.

Parents play an important role in students' education and success! We encourage regular communication, involvement and collaboration with your school.

Feel free to contact your child's teacher, counsellor, the school principal or vice-principal, the Welcome Centre or our office staff if you have questions or if your child needs any additional support.

We are all available to talk to you about your child throughout the school year – whether it's regarding school work or other concerns.

Your child will be valued, respected, and surrounded with support at our school – we look forward to getting to know you and your family!
