

# POWER DOWN SUMMER 2026

Help Surrey Schools save  
energy and reduce waste

## Join Our District in Reducing Waste!

As you head into summer break, help us make a difference:

- **Turn off** and **Unplug** electronics and small appliances\*
- **Empty** and **Unplug** fridges that won't be in use\*\*
- **Recycle** or **Reuse** old school supplies

\*Not sure what can be unplugged? Refer to the Summer Shutdown checklist.

\*\* Be sure to prop open the door to avoid mold

Every small action helps reduce energy use and waste.  
Thank you for doing your part!
