Dear Parent/Caregiver,

Surrey Schools integrates a range of digital learning resources (internet-based tools and apps) into its education programs. Many may require students to create personal accounts using their school district provisioned email account, (for example: doe.j@surreyschools.ca), for both classroom activities and homework assignments.

Purpose and Benefits

Digital learning resources are designed to provide personalized learning experiences, support academic growth, and prepare students for the future. The use of these tools aims to:

- Enhance student engagement and motivation;

- Provide personalized learning paths tailored to each student's needs;

- Foster critical thinking and problem-solving skills;

- Prepare students for a technology-driven world.

Privacy and Security

As digital technologies evolve, it is essential students develop the skills and judgment to navigate them effectively. Surrey Schools is committed to preparing learners for the future by thoughtfully integrating these tools into teaching and learning. We prioritize student privacy, enforcing security measures and ensuring all tools comply with privacy laws. Tools are only used under staff supervision and must pass a Privacy Impact Assessment (PIA) before classroom use. Students are also reminded to stay safe online by avoiding the sharing of personal information or identifiable details. Please note, all approved digital learning resources can be found on Surrey Schools ONE

Parental Consent

Your written consent to your child's use of internet-based tools is required by British Columbia's Freedom of Information and Protection of Privacy Act (FIPPA). If you choose not to provide your consent to your child's use of internet-based tools, your child will not be penalized in any way and alternate activities will be provided, as appropriate.

Action Required

Please complete the required general consent for use of digital tools and resources on the back of this page and return to your child's teacher. If you have any questions or concerns, please feel free to reach out.
