

IB Admissions Policy

Date of Last Revision: May 8, 2025

Johnston Heights Secondary School is a public and authorized IB World School in the Surrey School District (SD36) that welcomes all students. Admission acceptance is based on catchment boundaries (Culture 1.1). All catchment area students are required to register online through the school's website, and provide supporting documentation as needed.

As a learning community, Johnston Heights believes that all students can find success within the International Baccalaureate Middle Years Programme (MYP) and is committed to supporting the holistic principles of the IB framework. The MYP is not a choice-based programme; all students enrolled at Johnston Heights Secondary School participate in the MYP from Grades 8 through 10. Students will complete their MYP Personal Project in Grade 10. There are no admission tests or MYP programme fees associated with participation.

The language of instruction at Johnston Heights Secondary School is English. All students in the MYP study an additional language – either French or Spanish – throughout all three years of the programme. Students who continue into Grades 11 and 12 may choose to enroll in the IB Diploma Programme (DP), where course selection is guided by IB requirements as well as school scheduling considerations.

Johnston Heights Secondary is committed to fostering an engaged and supportive learning environment that reflects the values of the IB Learner Profile. The school promotes inclusion, equity, and respect for diversity, and works to ensure that all students feel welcomed, valued, and supported within the school community.

Students with diverse abilities are welcomed and supported through a range of services, including the Inclusion Department, BASES Program, English Language Learning (ELL), and school counselling. All students are provided with equitable access to succeed in both the MYP and DP (Culture 1.3).

Johnston Heights Secondary's MYP is not just an education programme, it is a holistic learning journey that empowers students to become lifelong learner, responsible global citizens, and compassionate leaders in an ever-evolving world.

"Eagles do Succeed"

An IB Continuum World School for MYP and DP.
