CLASS PLACEMENTS FOR SEPTEMBER 2023

Our school has begun the process of determining class organizations/student placements for the 2023-24 school year. This process will be ongoing until about mid-September. During this time teachers and administrators consider many factors when determining how classes will be organized and where students will be placed. Please know that our staff takes this process very seriously.

Here are some of the many factors we consider:

- class size and composition (mix of boys & girls, consideration for students with diverse needs...)
- number of available spaces and classes
- students' strengths, needs and learning styles
- students' intellectual, social and emotional development
- maintaining appropriate balance between class size, strengths, and needs
- social dynamics

Each year we do our best to make classes that will meet the learning needs of all students. This is a complex endeavor. If you wish to provide us with additional information about your child for us to consider especially with regards to your child's intellectual, social and/or emotional needs please feel free to email Mme Niro at niro_s@surreyschools.ca with the subject: **class placement information 2023-24**.

Please note that we are unable to give consideration to requests for specific teachers.

“Although both my parents and teachers encouraged me, it was my choice to take French Immersion in middle school because I liked the language.”

“Studying French taught me to appreciate the beauty of speaking a second language and to recognize the value of other cultures...”
