Room B134

Welcome to art 9! Throughout this quarter we will make art, look at art, and talk about art. Art 9 will employ a variety of art making methods and process such as collage, sculpture, printmaking, ceramics, drawing, and painting. During this art 9 class you will also be (re) introduced to and will expand on your knowledge of the elements and principles of design, and art history. You will need a sketch book to keep track of ongoing learning as well as the first drafts of your larger projects.

Attendance

Attendance and promptness are integral to your success in this course. The process of art making is as important, if not more so, than the final product. If you miss class and/or come to class late, you are not participating in the process of art making. If you miss a class, please bring a note and see me immediately to find out what you have missed.

Course Evaluation

Projects: Approx. 80% of the evaluation is based on projects, visual journals, rough work, ideas, sketches.

Studio: Approx. 20% of evaluation will be based on participation, respect, on task behaviour, punctuality, preparedness, encouragement of others, initiative, and clean-up. These attributes are essential for success in an art studio.

Materials

You are expected to bring the following materials to each and every class:
Supplies: Sketchbook (at least 8.5 x 11 ") Glue stick, white glue, pencil crayons, scissors, fine and thick black fineliners, drawing pencils (HB will do), white eraser, pencil sharpener, ruler, storage box / bag... as well as any work you may have brought home.
