August 10, 2020

Hello,

We hope you and your family are well and enjoying the summer. As you may know the Provincial Government recently announced a full return to school for all students in kindergarten to grade 7 this September. School districts have until August 26th to announce their plans for the return to school this September.

We have already made some preliminary plans for the return to school. We do, however, need to wait until the school district gives us further direction before sharing a more detailed plan with the community. This would include the procedures for student attendance during the first day of school and for kindergarten gradual entry.

Back to school shopping advertisements are now appearing. We had made a decision in June not to post school supply lists for students until a decision was made regarding instruction this fall. Now that we know what that decision is we will be posting school supply lists later this week on our website. Parents can purchase school supply packages from School Start, or use the order form as a list to purchase supplies from a retailer of their choice.

We will be sending out additional messages later in August once the district has provided schools with some direction regarding the plans for September. If you are no longer a member of the White Rock school community you can delete your contact email from our distribution list by following the directions in the email from the school. If you know parents who may not have received this message please let them know they can add an email contact to our distribution list by visiting our school's website (www.surreyschools.ca/schools/whiterockelem).

Once again we thank you for your patience and trust in our staff and school. We hope you have a great end to your summer. We, and our staff, look forward to seeing you in September.

Sincerely,

M. Hurt & A. Swansburg
