### PRINCIPAL'S MESSAGE

Welcome to the start of the 2021-2022 school year. I hope you all had a restful summer which included time with your loved ones and doing things that bring you joy. September is always an exciting time as we look forward to a new year full of possibilities, opportunities and learning. Welcome back to our returning Cougars and a most sincere welcome to all of our new Enver Creek students! Our school staff are excited to be back. On a personal note I want to thank the Enver Creek community for their warm welcome last year and I look forward to working alongside our staff, students, families and the PAC again this year.

Typically, at this time of the year families and students have many questions. As we start this year there will still be a need for some flexibility, creativity in our approaches and patience required as we navigate our new normal. Please be assured your child will be coming into a safe, caring and loving Enver Creek environment. Recently the Ministry of Education, Ministry of Health, Fraser Health and the Surrey School District unveiled some new policies and protocols. This year all students, staff and public will be required to wear masks while in our school and our school will be back to full capacity for full days of instruction. More information will come in regard to health and safety protocols. Also, this year we will return to the semester system and no longer be in the quarter system as we were last year. As we reach out with our first newsletter of the year, we hope to communicate the information that is necessary to get the school year started off positively. I hope you can find time as a family to go through this newsletter and discuss the information that is relevant to your child(ren).

At Enver Creek we are committed to providing rich, deep learning opportunities that develop the young people in our community as a whole: intellectually, socially and emotionally. Learning is an active exercise so approach your daily learning with a positive mindset and attitude and I know our staff will be here to support you. Learning is a collaborative process which includes support from both the school and home. Please continue to stay connected and communicate with us at the school. Working together will provide the best opportunities for your children. I am confident that both our students and their families are in for a great year. Go Cougars!

### TIMETABLE CHANGES

Timetables are now available for all students through MyEdBC. (Instructions for password resets can be found on the Counselling Department's Instagram page (@ec\_counselling). Please do not email your counsellor!) Please review your timetable now.

If you would like to request a change to your timetable, please ensure that your request meets the following criteria:

- There is a course in your schedule that has been completed in summer school
- There is a course in your schedule for which you have not completed the previous course (ex. a Math 11 and you have not completed a Math 10)
- There are two courses that are in the wrong order (ex. Physics 12 before Physics 11)
- Your timetable is missing one or more classes
- Your timetable is unbalanced (ex. too many academics or electives together)

If you meet the requirements above and require a change, complete the [Course Change Request form](#) online ( <https://forms.office.com/r/fyabmnHDbm> ) or scan the QR code here:

***Deadline to submit your Course Request Change Form is Wednesday September 1st at 4:00pm.***

Your counsellor will review all submitted Course Change Request forms and respond to you via TEAMS. Counsellors will make every effort to accommodate changes for academic reasons. If you submitted an elective change request, please note that elective changes are not a priority, and your request will likely not be accommodated.

Note that food service will not be available during the first week of school.

## **STUDENT AGENDA**

The Enver Creek Student Agenda contains information vital to success at Enver Creek, and is also a useful tool for planning and organizing course work, homework and other activities. Students in Grades 8 will receive a printed agenda as well as access to an electronic version via our school app. Students in Grades 9, 10, 11 and 12 will receive the electronic version only, but can request a printed version if desired. Parents and students are encouraged to review the *Student Code of Conduct* and our *Policies and Procedures*, found in the Student Handbook located on our school website under “About the School >> Code of Conduct”. Following are excerpts from our Student Agenda:

### **Dress Regulations**

Students at Enver Creek are required to dress in a manner which is appropriate for a working and learning environment, and which is suited to the activity in which they are involved. The school's dress code is not intended to stifle freedom of expression.

Any clothing with drug, alcohol, sexually explicit or suggestive designs, profanity, threatening, derogatory or discriminating language is not suitable. Footwear must be worn at all times inside the building for reasons of health as well as appropriate grooming. Hats or other non-religious head coverings are not to be worn inside the building.

### **Enver Creek Digital Tools Guiding Philosophy:**

Enver Creek recognizes that appropriate and responsible use of personal electronic devices enhances student learning. At no time should these devices interfere with an individual's right to privacy, and a safe and caring learning environment.

Guiding Principles:

- Classroom use is planned, purposeful, and educationally motivated as determined by the teacher.
- Students will observe respectful use within the school environment, including hallways and common areas.

Helpful Guidelines:

- The teacher determines when cell phones/digital devices are used in class.
- Any recording of any individuals without their permission will not be tolerated.
- Cell phones and digital devices can be used before school, lunch time and after school.

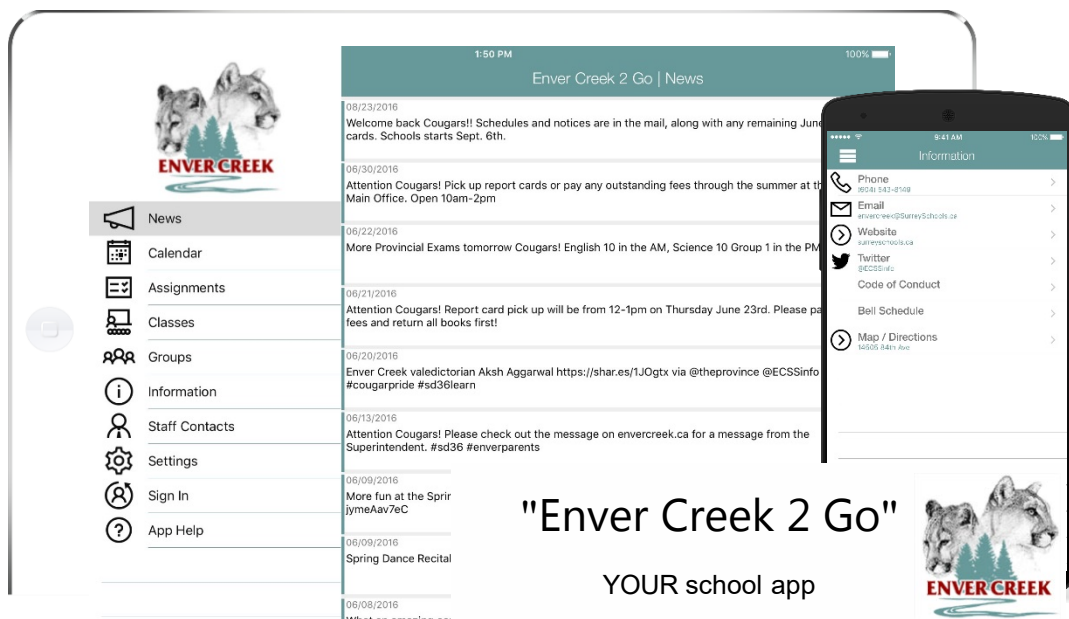

***We strongly advise students to leave valuable personal possessions at home (i.e. cell phones, AirPods). The school does not accept responsibility for any lost or stolen property.***

## **ENVER CREEK GENERAL SCHOOL FEES 2021 - 2022**

Instruction is provided free of charge to all students registered in a school's education program sufficient to meet the general requirements of graduation, and it shall provide free of charge any resource materials necessary to participate in that program. The School Act permits the charging of fees for certain items. In Surrey Secondary Schools, the following structure applies through Board Policy 9802 related to fees and any costs for students or families. Students will need to provide their own basic supplies and equipment for their own personal use such as paper, writing tools, calculators, notebooks, gym attire and sewing kits, and some other items needed for various electives. Workbooks may be provided to students on loan, or they may be purchased for personal use. Students can also elect to purchase other support materials (professional resources including practice examinations) through their teachers. Some courses such as Textiles and Woodwork provide students with the option of using different or better quality materials, which may be brought from home or purchased from the school at a cost. Some courses, such as AP (Advanced Placement), offer optional certifications or external examinations for which there are charges. If you wish to discuss the implications that these charges may have on your child, please contact our school administration.

## **REPLACEMENT CHARGES**

Students will be assessed a charge for lost or damaged school property (textbooks, Library books, uniforms, etc.) Charges will be based on the replacement cost of the item. Students are expected to return the same textbook they are issued so it is important to label your text with your full name + pupil number and avoid lending textbooks to other students.

## **MATERIALS CONSUMED IN A COURSE**

In courses that consume materials (e.g. art, cooking, woodworking, metalwork, science) schools can only charge for materials or goods that are surplus to what would be necessary for the student to meet the expected outcomes in a course. If a student is going beyond the basic requirements of a course and creating projects for personal use (e.g. creating a table from mahogany rather than plywood), then the student may bring their own materials from home or the cost for the materials for these enhanced projects may be recovered through a fee.

## **SCHOOL SUPPLIES**

As each student will have a different schedule and different teachers, we do not provide a list of required school supplies. If you wish to purchase some items prior to the start of school, the following are general supplies used for most classes:

3-ring binders (approximately 1 ½")  
Supply of loose-leaf paper  
Index dividers  
USB flash drive

Ruler  
Glue Stick  
Pens, pencils, erasers  
Pencil crayons  
Scissors

Please do not purchase a calculator until your child has spoken with his/her Mathematics teachers. Teachers may have specific requirements for each class and will advise students of those items during the first week of school.

## **FIELD TRIPS**

Students may be charged a cost for expenses such as transportation, accommodation, meals, entrance fees and equipment rentals for optional field trips, or other extracurricular outings or events. Students will not be charged fees for any field studies/field trips where attendance is mandatory as part of a course or program.

## **MEDIA COVERAGE / WEBSITE CONSENT / WEB 2.0 TOOLS**

"Media / website consent form" and the "Web 2.0 Tools consent form" will be distributed by TAG teachers and will be required for all grade 8 and new students to Enver Creek Secondary School. These forms are to be completed once at the secondary school level and will be valid until graduation, unless a new form is submitted to change consent. Please note that continuing students will receive forms when information verification is requested in October, if no form is currently on file.

All Enver Creek students will have a school email address and internet access for their educational use.

## **ATTENDANCE – LATE TO SCHOOL/MISSED CLASSES**

There is a strong relationship between good attendance and success at school. Our students are expected to be at school on time and to attend classes punctually and regularly. Students struggling with chronic tardiness and truancy will work with their teachers, Administration and guardians to come up with a collaborative solution. Often students who are driven to school are late to their first class because of congestion created when many vehicles arrive at the same time. Parents who drop off students can help by planning to arrive well before classes begin and/or dropping off their students away from the main entrance.

**If your child will be absent from school, or will be arriving late or leaving early, we ask that a parent call our office at (604) 543-8149, before 9:00am if possible. Students who need to leave before the end of the school day MUST sign out at the School Office either with a signed note from a parent/guardian or a confirming phone call.**

**For student safety reasons, we do ask that parents call the school office to make necessary arrangements should they have an emergent need to take their child(ren) out of class during the day.**

## **EXTENDED ABSENCES**

Each school year we are approached by an increasing number of parents who wish to take their child(ren) out of school for extended periods of time. Enver Creek Secondary does not sanction the absence of any student during the school year for any reason other than illness or bereavement. However, we understand that time with families is important and travel distances sometimes mean that school absences are unavoidable. Please be aware that any planned absence greater than five (5) school days requires the student to complete an Extended Absence form and the parents must arrange to meet with the Principal prior to departure to ensure a clear understanding of the academic impact of such absence.

## **WE SHARE THE AIR ~ BE SCENT-AWARE**

Many Enver Creek students and staff members have significant allergies and sensitivities to perfumes, aftershaves and other strong fragrances.

Thank you for helping us contribute to a “SCENT SAFE” environment by refraining from wearing scented products.

## **PARKING**

We have ample parking for Enver Creek staff and students. Students are reminded to park in designated areas only, on the south side of the parking lot.

## EXTRA-CURRICULAR ACTIVITIES - BEING INVOLVED!

Extra-curricular activities are a valuable part of the school's education program. The School Board provides guidelines to ensure that:

- an approval process is in place for extra-curricular activities,
- there is consistency in the

formation and operation of extra-curricular activities, and consideration is given to the safety and well-being of students involved in extra-curricular activities.

Our school is proud to offer a range of school-based structured activities for students. These include athletic activities and clubs that extend beyond normal school hours and operate under the supervision of a staff member or an approved adult supervisor.

Sports and athletic activities are competitive, individual or team activities that are sponsored by the school and governed by the Surrey Secondary Schools' Athletic Association. Clubs are structured groups of students who come together on a regular basis for a specifically defined and approved purpose.

We anticipate that the following extra-curricular activities may be offered during the 2021-2022 school year. The activities offered will be subject to being able to securing an approved sponsor and will be based on the level of student interest.
