Principal's Message

Welcome to the start of the 2021-2022 school year. What an exciting time as we look forward to a year full of possibilities and opportunities. Welcome back to all of our returning Timberwolves and a most sincere welcome to Ecole Kwantlen Park Secondary for all of our new students!

The last 18 months have been a challenge and I am overwhelmed with pride when I look back on the patience, cooperation and care that students, staff, and families have shown. While we will continue to face challenges and limitations in the months ahead, we are all hopeful for a school year that will generate the energy, anticipation, and optimism we've known in more "normal" times.

As my daughter starts grade 8 at a new school, I can truly relate to all of the questions that families and students have at this time of year. As we reach out with our first newsletter of the year, we hope to communicate all of the information that is necessary to get the school year started off positively. I hope you can find time as a family to go through this newsletter and discuss all of the information that is relevant to your child(ren).

As I returned to the school to prepare for the upcoming year, I found myself looking forward to what is to come and excited about the unknown ahead. I know that many of our students (and their parents) are feeling the same way. New beginnings bring possibilities of new connections and new learning and a fresh commitment to achieving one's personal best.

Learning is an active exercise so approach your daily learning with a positive, can do attitude and I know our staff will be here to support you. Find your passion and joy in your learning and by getting involved outside of the classroom in activities such as athletics, clubs, student council or volunteering. Adding these opportunities to your school experience creates connections that will increase your enjoyment and engagement with our school.

A separate communication will be coming late this week with health and safety protocols for the 2021-22 school year. Our district is currently working with schools around a District Communicable Disease Prevention Plan for all Surrey students and staff. Safety will continue to be a priority at Kwantlen Park.

Best wishes to all for a safe and happy year of learning. As always, if you have any comments or questions, please contact me at the school (604-588-6934) or by email, kilpatrick_m@surreyschools.ca

Code of Conduct—Dress

Students must dress in a manner that is appropriate for a public school. Writing, pictures, logos and content on clothing items must be appropriate for a public school, and must not include drug, alcohol, violence or gang representation. Footwear is essential for hygiene and safety.

The school may request that students cover up with more appropriate clothing, or go home to change if the attire is not appropriate.

For the safety of all members of our school community, it is important we are able to see students, staff and visitors faces, for this reason hoods are not permitted to be worn pulled up inside the school.

Cell Phones

We are asking for the support of parents/guardians and students in making the learning environment at *Kwantlen Park Secondary* cell phone free during class time. Personal cell phone use in class poses a distraction to not only the user but to others in the class. Teachers will contact parents/guardians if cell phone use during class time becomes an issue with their son/daughter. If cell phone use during class time continues to disrupt the learning environment, parents/guardians may be asked to pick up their son's/daughter's cell phone from the school. Thank you for respecting, and helping to maintain, a positive learning environment for all students and teachers in the classroom.
