ATTENDANCE

Regular attendance is a major factor contributing to student success in school. We expect that students enrolled at Fraser Heights Secondary will attend school regularly and arrive to class on time. If a student is absent or late, parents are requested to phone 604-582-9231 or email fraserheights@surreyschools.ca on the morning of the absence. If this is not possible, please send a note with your child to turn into the office on the day they return to school.

LEAVING SCHOOL EARLY

In some cases, it may be necessary for students to leave school before the end of the school day. Students wishing to leave the school early must come to the office and sign out. In order to sign out, students must have written permission from their parent/guardian. In cases where written permission is not provided, the office staff will contact parents or guardians for verification.

PARKING

There are a very limited number of parking spaces for students on school property. Students wishing to have the privilege of parking their car on school property must register their vehicle at the office. There is no charge for student parking, however, parking spots are available each morning on a first come, first served basis. Please Note: Students must park in marked parking stalls. If our parking lot is full, we are allowed to park in the Surrey Parks & Recreation parking lot along 160th Street.

SCHOOL SUPPLIES

We recommend that students purchase school supplies after they have met with their subject teachers during the first week of school. The school does not provide a supply list.

SCHOOL FEES

We anticipate that student fees will be available to pay online starting September 3rd. We'd prefer that school fees be paid online but we'll take payment at the office if you'd prefer to not use the online system. School Cash Online is an online parent portal that offers a safe, fast and convenient way to pay for school activity fees. The portal is customized to meet your school's needs and allows parents to add students, make payments, check current balance/account history and print or view receipts. Please see the attached step-by-step instruction sheet. surreyschools.schoolcashonline.com/ [School Cash Online Instructions](#) - [Click here](#)

STUDENT PHOTOGRAPHS

Student photographs will be taken on Thursday, September 10th. All students are required to have their picture taken for the Yearbook and School Identification/Go Card. Less than a week after photo day, Darby Photos will deliver: Photo retakes will be taken on October 21st.

A proof sheet of each student's portraits. A custom Student ID card.

The proof will include an access code for families to view images online and order printed or digital copies. Each student will also receive a Digital ID Card, available for free download through the gallery and compatible with digital wallets for convenience

GRADUATION PHOTOGRAPHS

Graduation Photographs scheduled for Nov 2-8 in the NLC. Grad friend groups in the NLC Nov 2-8. Photo sessions will be by appointment only.

PERSONAL PROPERTY

Fraser Heights Secondary and Surrey School District #36 do not accept responsibility for loss, damage, or theft of any articles including clothing, school supplies, vehicles, equipment, or cash. **Our advice is leave valuables at home, or make sure they are locked up at all times. This especially applies to the P.E. locker rooms.** Please lock any valuables (wallets, cell phones, etc.) that you bring with you to the locker room. Locks must be removed each period, so we recommend you buy a lock and keep it with your P.E. strip.

SNOW DAYS

Mark Pearmain, Surrey School District's Superintendent, makes the final call on snow closure days. On heavy snow days, when snowfall may cause problems with transportation and roads, Fraser Heights Administration may shorten lunch by up to 30 minutes and dismiss students early. We will use our School Messenger system to communicate with parents.

SCHOOL CLOSURES

Sometimes extreme weather conditions or other unusual circumstances can cause a school closure on short notice. In the event of a potential school closure during the school year, please monitor the following radio stations:

CKNW (980 AM or www.cknw.com)

News 1130 (1130 AM or www.news1130.com)

CBC Radio (690 AM or www.vancouver.cbc.ca)

Please do not call the radio stations as staff are very busy receiving updates and preparing newscasts. Surrey school closure information may also be broadcasted on the Weather Channel and local TV stations. Whenever possible, the Surrey School District will post such information on its website at www.surreyschools.ca/fraserheights.

LOCKERS

Grade 8-12: Students this year will be able to choose their own locker on-line. Please see the attached information sheet on how to access this on-line system. They should also access this website if they forget their locker combination. Students do not need to buy a lock or bring their own lock from home (you will need your own personal lock for gym lockers, and they must be removed after each use). Lockers will have locks on them. Only school locks may be used on lockers, non-school locks will be removed. At the end of the school year, students must turn in their locks to their homeroom teachers, or they will be charged a \$7.00 lock replacement fee. School lockers are the property of the school and may be searched by school officials at any time without prior notice. Students do not have to use a school locker. The on-line student locker selection will open up as follows:

Grade 12 – August 31
Grade 11 – September 1
Grade 10 – September 2
Grade 9 – September 3

Digital Devices – Responsible Usage at School

Please be advised that the use of digital devices at Fraser Heights follows the Surrey School District's [*Procedure 9410.1 Safe and Caring Schools – Use of Personal Digital Devices*](#) in line with the [*provincial government's direction*](#) to restrict the use of cellphones at schools.

At Fraser Heights students will no longer be allowed to use their digital devices, including cell phones, during instructional time, unless advised by their teacher and under their teacher's supervision.

Students who leave their classroom during instructional time, will be asked to leave their cell phone or digital device in the classroom, in their backpack, cell phone hotel or with the teacher.

Why the change?

We have experienced an increase in inappropriate use of digital technology in schools, especially cell phone use. We all want Fraser Heights to be a safe learning environment for all learners, and the inappropriate use of digital technology compromises this safety. The taking of photos without others' permission and the posting of those photos online is among the issues we are working to improve.

Furthermore, research shows that frequent cellphone interruption in the classroom, social media platforms with addictive algorithms and predators who seek to exploit young people all present significant risks to young people. The revised procedure will create appropriate structures around the use of personal digital devices at school and aims to positively impact students' mental health and ability to focus on learning.

What defines a personal digital device?

The definition of a personal digital device includes, but is not limited to, any personal electronic device that can be used to communicate or to access the internet, such as cellphones, tablets, smart watches, gaming devices and electronic toys, and includes the use of earbuds and headphones.

We do recognize that these devices are important tools which can be used to enhance learning and prepare children for the world in which they will work and live. Personal digital devices provide support for children who rely on these tools to access learning through services such as translation, adaptations for individual education plans, medical support, health needs, or to provide equity of access to resources.

What can students & families expect in classrooms?

As always, classroom teachers are responsible for the learning environment in the classroom, for guiding children to use personal digital devices appropriately, and for determining when personal digital devices should be used.

This work does not happen in isolation, families and students are also responsible for their own self-regulation and responsible use of digital devices. Our goal is to work alongside students and families to develop this responsible use.

The safe and responsible use of personal digital devices is expected by all Surrey School District students, employees, volunteers, parents, guardians, and community members who are on district property or interacting with students or staff. Some examples of responsible use include:

- Asking the classroom teacher for permission to use devices during class time to support learning.
- Using the device in a way that is respectful of other's learning and does not distract others in terms of light, sound, or by other means.
- Surrey School District staff and students should not be recorded, visually or audibly, for any reason without their prior consent.
- Avoid using personal digital devices during lock down procedures or drills. The use of personal digital devices during this time may impact the emergency safety response.

It is expected that students turn off and put their digital devices in their bags or their locker. The school is not responsible for lost, damaged or stolen devices so we recommend leaving devices at home. Students can be contacted for emergencies through the office.

Some helpful tips to guide responsible use of digital devices

We are all working together to develop and support the responsible use of digital devices in schools for the benefit of our young learners. Please do your part to help.

Locker Assignment

Go to the locker website [Fraser Heights Secondary Locker Assignment Software System](#) and follow **student instructions**: Knowing where their classes are will help in choosing a good central location for your locker, please refer to your timetable.

1. Go to locker administration web site for the school, [Fraser Heights Secondary Locker Assignment Software System](#)
2. Login using your student number as the user id and your birthdate as the password. The format of the password is YYYYMMDD, so if you were born Jan 3, 2001, your password would be 20010103
3. Select a zone of the school in which you would like to have a locker. Note that as the availability of lockers in a zone decreases, the zone buttons will change from Yellow (many lockers available), to Orange (over 50% of lockers capacity assigned) to Red (no lockers available in zone). There is a map in the office showing where the zones are.
4. When a zone is selected the available lockers will be listed. A locker entry that is Green is an empty locker, and a locker entry that is Orange has at least one person in the locker already.
5. Once you have selected a locker you will be shown the locker combination. If you forget your combination you can login at any time to see your assigned locker and combination. **The office will not be giving out combinations if you forget it and we will refer you back to this website. There is a QR code on the window outside the office you can use as a quick link.**
6. At this time, the school is asking all students to stick with the locker they've assigned themselves. In most cases the top locker is the odd numbered locker. Each locker is matched with a combination lock. Switching lockers will result in students having access to more than one locker combination, and for security reasons, the school would prefer to have all students having access to one combination only.

Please remember that school administration has authorization at anytime to inspect and/or change the assigned locker of any student.
