Donations will be welcome. School funds go into two main accounts: Learning resources (curriculum related) and supplies account (school operations material). The amount the school is given is based on the number of students in the school. In the school year of 2024 to 2025 learning resources budget \$4275.00, supplies account budget \$2888.00. Had a deficit last year in supply account so budget was a lot lower to work with. This year (2025-2026) learning resources budget \$7557.00 (so far \$1485.00 used), supplies account budget \$20,990 (so far \$6892.00 used). Usually, the beginning and the end of the year most of the money is spent. By end of the year learning resources will be zero.
