October 2, 2020

Recently our school has been faced with an increasing number of challenges around the appropriate use of communication devices (cell phones, ipods) and other electronic devices while at school. In an effort to help mitigate some of these issues our staff have come together to create a policy. During school hours 8:30am – 2:30pm cellular phones, iPods, etc. are to be kept turned off and in their backpacks unless otherwise instructed by their teacher. If students bring electronic devices to school they do so at their own risk. Please note that the school will not accept responsibility if they are lost or stolen. If these devices are observed being used during school hours, they may be confiscated and parents will be required to pick them up. Should parents need to get a hold of their child during the school day, they may contact the office and they will ensure that a message is given to your child.

In attempts to avoid high touch items, the office is limiting the use of the phone on the front counter. We ask that parents make all pick-up and social arrangements before the start of the day to keep the phone available for emergency use only.

Thank you,

Katzie Elementary
