- When September hit we were still in the middle of a global pandemic
- We were able to start school for you but we know, even now it looks a bit different with:
 - Social Distancing
 - Face coverings in tight spaces
 - Fewer group gathering type activities
 - Safety Protocols

Half a year in review

- As we went through the year, we continued to adjust to the changing community restrictions.
- This has definitely been a time of high stress and hardship.
- Thank you to the teachers and support staff for all they are doing
- Thank you for being awesome students during this extremely difficult time

Celebrating Awesome

- Your next set of report cards are coming out.
- I'm continually amazed at how great many of you are doing – especially during this school year where we have to also navigate a pandemic.

- I have asked your teachers to give me the name of their “Student of the Half Year”. I’ve almost gotten all the names
- Each of these students will receive a small prize for being extra awesome.
- Everyone – keep up the amazing work as we finish up the next half of the year.
- We will find a way to celebrate all successes in June!

- Unfortunately, we have still not had an opportunity to start any extracurricular activities.
- When the regulations around the pandemic changes, we will also work with your teachers in the coming months to create more extracurricular and optional opportunities for you to learn and engage outside of the classroom. Stay Tuned!

Stay Updated!
