Dear Parents,

Decisions about classroom placement are complex and very important for everyone. The decisions are made after considering many criteria, including the child's academic achievement, social skills, friendships, learning style, degree of independence or dependence on the teacher for support. We try to group children into the class that provides the best possible learning environment for each child. We do not accept requests for specific teachers.

We invite parents to contact the principal, Mrs. Rawji in writing with information that will help with your child's placement by Friday, May 31, 2019.

Relevant educational information regarding my child's placement for 2019/20:
