APRIL 2019 NEWSLETTER

A MESSAGE FROM THE PRINCIPAL

Dear Parents and Students of the Cloverdale Learning Centre:

Well, Spring is in the air again and this means one thing – soon, the sun will be shining, the days are going to be warm and only several more weeks of classes before summer break is here!

It has been a busy time at CLC over the past few months and students and staff alike have been working hard to ensure success for all our learners. We continue to work on our initiatives for this year:

- “Bread Day” is becoming very popular. Thanks to the generous donations by Cob’s Bread and the hard work of Wendy, our Inner City Worker, every second Tuesday, students have been able to take breads, buns and pastries home for themselves and family members.
- The Path to Graduation Program is also going well with almost 250 courses completed towards our goal of 400 for this year. If we reach the goal, students will be rewarded with a fun field trip to Cultus Lake Water Park.
- Students continue to complete their reflection and self-assessment of core competencies. Almost all students have completed this at least once during the year and each student will complete this again in June to demonstrate growth in the areas of their goals.

Students have also participated in several activities and highlights include:

- CLC Cobras competing in the all learning centres basketball tournament and winning the championship trophy for the third consecutive year. Well done Cobras!!!
- Students going on excursions to the Railway Museum, the Surrey Museum and the Honeybee Centre.
- Visits to local post-secondary institutions have helped students better plan their way towards the future.

Interim reports were handed out in early March, just before Spring Break and I hope parents, and students, all had a chance to see the progress being made in their classes. As Term 3 comes to an end, formal reports cards will be available for pickup during parent-teacher interviews on May 1. I sincerely hope that parents will take some time to come in and speak with teachers about their child’s progress this year. Interviews may be scheduled by calling the school beginning Tuesday April 23rd. The support you show for your child’s education by this small gesture will go a long way to help them succeed.

With graduation and year-end coming up very quickly, the staff will be working many extra hours to prepare for a noteworthy Grad Ceremony on June 13. This year, we have also organized a formal dinner for our grads and a guest at a restaurant in White Rock. Our Grad Committee made up of several of our student leaders and Wendy Macdonald (our Inner City Worker) have been working very hard to get this organized. As the year draws to a close, teachers will be hard at work preparing for the implementation of the new Grad Program. Students and parents will continue to see a slightly different approach to learning and assessment at CLC, very similar to the Grade 10 courses put into place this year.

Please check your emails and the school website regularly for updated information about the Graduation Ceremony and other events. We would also like to request that you call the office and ensure that we have a current/correct email address for you on file.

Thank you for your continued support in your child’s educational journey. See the next page for some important dates to mark down in your calendars.

Sincerely,
Vim Valera, Principal

LIBRARY CORNER — *Porey G.*

I would like to remind everyone that if you are finished using a book from the school library or workbooks from class that they please be returned promptly when no longer actively being used, as other students may need those resources. Students remember to check for new books in the CLC library regularly. Suggestions for books we are missing that others may like to read are always welcome. For those active readers our English department will be making a field trip to see a play at Clayton Heights in the near future.

New to the school is some photography backgrounds that are available for interested students to make use of and we will have a couple prepared at the graduation ceremonies for your own memory making. Also students now have cell phone charging lockers available to use during class to help keep minds focused on class work.

Graduates that still need their photo taken for the school grad wall: The camera & lights will remain ready for photos until at least May 9th during regular school hours. If you need a later time just phone and ask. Please plan on being here for at least 30 minutes as photos must be taken around other activities. As photos get processed students will receive a copy via email. Lastly please see the attached letter later in this newsletter about professional grad photo opportunities and information regarding the graduation ceremonies.

Still Available: Computer DVD's containing the 2017/18 school years' activities including the graduation ceremonies and year end video can be obtained for free in the CLC library. Free Yearbook's from last year are still available. Additionally some Graduates from last year have not picked up their school certificates or other material.

TRACK & FIELD - *Tracey Lane*

This year we are again competing with all the high schools at the District Track and Field mini meets in preparation for the upcoming District meet. We have a small but enthusiastic team who are trying out different events such as shotput, discus, javelin, sprints and the steeple chase. We are hoping once again to qualify at the Surrey District meet for the Fraser Valley meet with our ultimate goal of representing CLC at the provincial championship. Go Team!

GREEN BRICKS - *Tracey Lane*

We were lucky to have Green Bricks join us to discuss how we can make a smaller carbon footprint and conserve water.

This engaging discussion shows us how we can conserve water and make better choices when buying products.

It also helped us think about the life cycle of products we buy and how we can ensure that they do not end up in the landfill.

VICTORIA FIELDTRIP - *Tracey Lane*

Once again we will be going to Victoria on our annual fieldtrip.

We will be leaving early getting the first ferry at 7 AM and returning on the 7PM ferry. This exciting trip has us visiting the BC legislature building, the BC Museum, participating in a ghost tour while walking around Victoria and spending some time enjoying the city and harbour.

Mark Thursday May 30 on your calendar and see Tracey for the permission slip in May! Cost is \$20! Includes ferry, bus on Vancouver Island, transport to and from school to ferry and museum entry. What a deal and a school year highlight!

ABORIGINAL STUDENT GET TOGETHER — *Jennifer Datch*

Aboriginal Students are invited to 5 pin Bowling on May 13 from 4pm – 6pm at Clover Lanes in Cloverdale. This event is put on by Lord Tweedsmuir and their family of schools. This event is for all family members of any age, not just students who attend the school or will attend. The event is free to attend and there will be snacks and drinks for families as well. Please let myself or Tansley know if you and your family would like to attend this event.
