SD 36 WOULD LIKE TO SAY THANK YOU TO THESE GENEROUS DONORS...

BABA DARVESH HARI FOUNDATION

\$40,000 has been donated to support after school and school programming for two of our secondary schools allowing the schools to provide unique programming for each school, including food programs, team uniforms, art projects, equipment, guest speakers and field trips.

CANADIAN TIRE JUMPSTART

Jumpstart and Sport Canada have generously donated \$20,000 to the Surrey School District. This grant reduces obstacles and provides the opportunity for students to participate in organized sports programming during the summer months. Thank you Jumpstart!

FARM TO SCHOOL BC

Farm to School BC awarded \$8,172 across four elementary schools in the Surrey School District to support them in building projects that support sustainable food systems as well as develop student food literacy, enhance school and community connectedness. With their support, our students are able to gain new knowledge on healthy eating and are exposed to more hands-on learning opportunities related to food systems.

THE SINGH FOUNDATION

We would like to thank The Singh Foundation for their generous donation of \$42,038 this school year. These funds will directly support five of our secondary schools by providing opportunities and resources for students, including after school programs and new sports equipment. Thanks to their kindness it will support our students on the path to success, both in and out of school.

UNITED WAY

Thank you to the United Way for kindly providing our Community Schools Partnership Department with a grant of \$40,000 for the United Way Schools Out Summer Program. These funds will provide students with the opportunity to take part in educational summer camps that will strengthen their mental health, create positive connections and learn healthy habits while being engaged in a safe and fun environment.

URBAN SYSTEMS

Thank you to Urban systems for their \$10,000 donation to KB Woodward's Check and Connect and BLAST after school program. The Check and Connect program combines a nutritious breakfast with the encouragement of a great morning routine, while BLAST continues to develop positive healthy habits and friendships after school.
