READ ABOUT SOME OF
OUR INCREDIBLE
DONORS!!!!

SD 36 WOULD LIKE TO SAY THANK YOU TO THESE GENEROUS DONORS...

BC FEED THE KIDS FOUNDATION - \$21,500

A huge thank you to BC Feed the Kids Foundation for their continued and growing support of Surrey Schools! Last year, they increased the number of schools involved in their snack program, helped support the Woodland Park Technology Campaign, and made generous donations to Holly, Riverdale, Bridgeview, and Frank Hurt Secondary. These funds were used in a variety of ways, from purchasing new iPads to helping construct a new basketball court! We are so grateful to BC Feed the Kids Foundation for their incredible commitment to supporting Surrey students in so many meaningful ways!

FREE TO PLAY SURREY CARES - \$50,000

SurreyCares Community Foundation has provided \$50,000 to help launch the new Run & Roam Afterschool Program across five Surrey schools. Run & Roam offers a different kind of after-school experience, giving students more freedom to spend time outdoors and learn through play. That time in nature can help students build confidence and feel more connected to the world around them. We are excited to see how the program grows and what it brings to students and families in our school communities!

JUMPSTART SUMMER - \$10,000

Thank you to Canadian Tire Jumpstart for their generous \$10,000 donation supporting Jumpstart Academy summer programming. With this funding, students were able to take part in free summer camps where they could stay active, spend time with others, and build confidence by trying new activities. The program also gave students a chance to remain involved in their school communities during the summer and continue benefiting from the kinds of experiences they receive throughout the school year.

We are especially grateful for Jumpstart's continued partnership and the ongoing opportunities they help create for our students year-round.

RICK HANSEN FOUNDATION - \$35,420

A heartfelt thank you to the RBC Barrier Buster Grants Program presented by The Rick Hansen Foundation for their \$35,420 contribution toward our Wayfinding Enhancement Project. This funding will help install clearer signage with raised lettering and braille at our District Education Centre, Resource Education Centre, and Sunnyside Elementary. These improvements will make these spaces easier for people who are blind or have low vision to navigate with greater ease and independence, while helping more members of our community feel confident moving through these shared spaces.

SOUTH SURREY SMILES - \$3,000

Through \$3,000 in bursaries from South Surrey Smiles, Grade 6/7 students at 12 schools across Surrey took part in volunteer activities and gave back to their communities. The experience gave students something they could feel proud of, and the funding also helped schools make Grade 7 graduation a little more special before they headed off to high school!
