LET'S KEEP OUR SCHOOLS SAFE

The Surrey School District recognizes the importance of face-to-face learning and is committed to ensuring our students can continue to learn as safely as possible by following all appropriate measures to limit the spread of illness.

With the final quarter of the school year beginning and cases increasing in our community, it is so important that we continue to remain vigilant.

Staff and students should continue to follow health and safety protocols, including:

- Check up: Do a daily health check and stay home if you are unwell. And if you have symptoms get tested.
- Back up: Maintain physical distance where possible, including within your cohort.
- Washup: Wash or sanitize your hands regularly.
- Mask up: All K-12 staff and students in grades 4-12 must wear a mask in all indoor areas. Students in Kindergarten and grades 1-3 are encouraged to wear a mask.
- Wear your mask safely - ensure it is clean and dry, is a good fit, covers your nose and mouth fully, and remember, don't touch your face or play with your mask.

Thank you for everything that you are doing to keep our schools safe!

Our schools have remained open through the pandemic. Keeping schools open keeps children and youth active and connected to their peers, which is vital to their well-being.

Our ability to remain open is a testament to the fact that our staff and students are protecting each other and following protocols consistent with public health guidelines and recommendations.

Over 90% of our school-based staff have received their first dose of vaccine.

(Foundry offers young people ages 12-24 health and wellness resources, services and supports – online and through integrated service centres in communities across BC.)

Youth and their caregivers around British Columbia now have faster, easier access to mental health and substance use services and supports through the new Foundry BC app.

- Co-created by youth for youth, the Foundry BC app offers young people aged 12 to 24 and their caregivers access to integrated health and wellness services through their mobile device or an online web portal: www.foundrybc.ca/virtual
- Services offered through the app and web portal include drop-in and scheduled counselling, primary care, peer support and group sessions.

- As with all Foundry services, no referrals are required, and services are free and confidential. For youth and caregivers who have limited or no access to the internet, Foundry's provincewide virtual services team also provides support by phone at 1 833 FOUNDRY (1-833-308-6379).
