Our Local Action Team's goal is to help to change the culture in which children are raised, to give youth a voice and to help them feel like we truly care about their well-being. All of our events have been provided free to anyone who wishes to attend and our hope is that we can continue to do so with fundraising events like these. We hope to make these events as low barrier as we possibly can as we know that often the most vulnerable are the ones who wouldn't be able to attend due to an admission fee.
