Principal's Message

Hello Parents, Students, & Families,

Wow! Thank you to those students who have shared some of their creative and active activities with me. I am so pleased to see you all keeping your bodies and minds active and engaged!

As you are likely aware, the district is working on plans for students return to schools. We do not have any concrete plans or a definitive timeline, at this time. Please continue to check your email, read the school newsflash, and listen to the messages from our superintendent, Dr. Jordan Tinney. When there is more information regarding this, I will be sure to share it with you.

In the meantime, to all of our Cougar Creek students, continue to engage in your remote learning activities and keep sending those photos of you being active and creative. Please feel free to email them to me and you may see yourself featured in an upcoming Newsflash.

Stay healthy,

Mrs. Jennifer Tarnowski, Principal

Class Placements

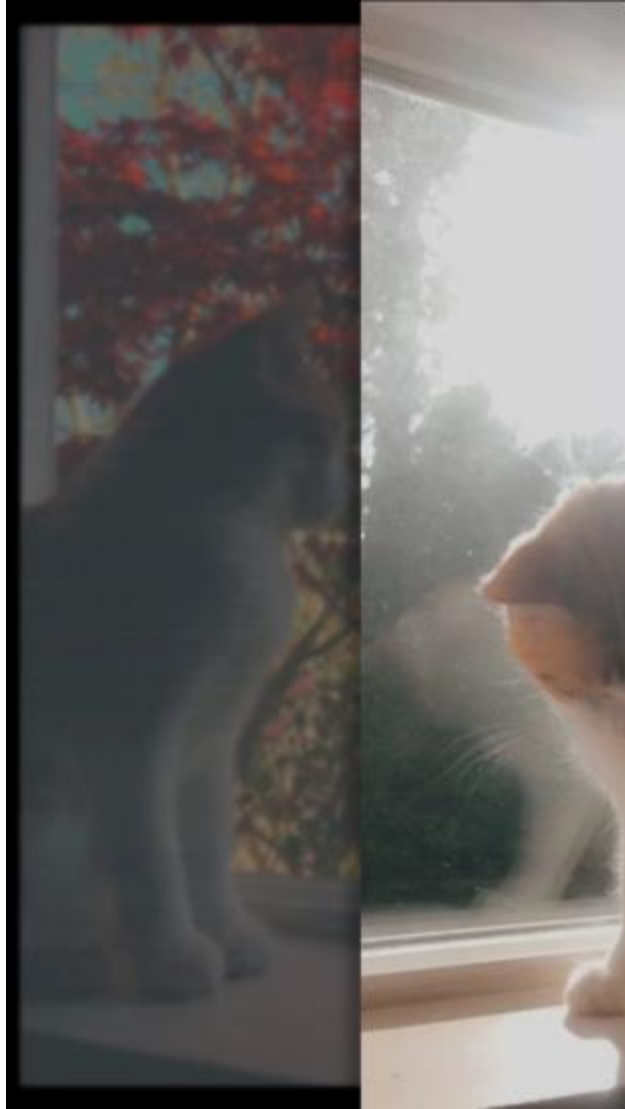

It is the time of year when we begin to plan for the following school year. If your family **will not** be returning to Cougar Creek in September, please let the office know as soon as possible so that we have the most accurate information for our planning moving forward. As the school is currently closed, please email the school to let us know of your move. cougarcreek@surreyschools.ca

Also, a reminder to parents that we do not take named teacher requests for class placements for next school year. If you have information regarding your child's educational needs that you feel we should take into consideration in your child's placement for next year, please provide this in writing to Mrs. Tarnowski by May 31, 2020. tarnowski_j@surreyschools.ca

Teams and Office 365

A reminder to parents to please go through your child's team, on a regular basis, and review their chats and call history. Your child should provide you with their login as well as their password. If you have any challenges with this, please contact your child's teacher.

It is important that we work together to ensure that each of our students is creating a positive and respectful digital footprint.
