Daily Health Checks

As you know, a daily health check is a key first line of defense in our school safety plans. It is important that families/ students conduct a daily health check and stay home if they are unwell. Please continue to do your daily health checks and use the online assessment tool found [here](#). This is available in multiple languages and lets users know if they should stay home and/or get tested.

Daily Mask Wearing

Please remember that every day, everyone in the school must wear a mask. While we do have masks at the office, they are meant to be on hand for students who occasionally forget or those who damage or

lose them in the course of the day. We ask that you please make sure to send a mask with your children each day and add two or three more in a zip lock bag in their back packs just in case they lose one or simply forget.

Reporting Student Absences

We ask that if your child will be absent for any reason that you let the school know. Our school, like every Surrey School, will contact families if a child is absent without reason so we can ensure their safety. As you can imagine, calling each absent family, requires a significant amount of time, so we ask you to call us and leave a message at the office 604-591-9098 or send an email to cougarcreek@surreyschools.ca

Dress For the Weather

Although today and yesterday were beautiful with wet, cold and windy days still on the horizon - we ask parents to ensure that the children have appropriate outer wear to go outside for recess, lunch and DPA (daily physical activity). Please send your child(ren) with warm coats or raincoats, boots, mitts, hat, umbrella...whatever they need to stay warm and dry. We do give students the choice to go outside on rainy days, but we ask that they come prepared!

School Link

The SD #36 District mobile app (Apple or Android) is called SchoolLink. This app provides news, announcements, alerts, school closure reminders, urgent notifications, information and featured stories from the School District and the schools that you choose. The app keeps you up to date with the schools that are important to you. If you have not downloaded this app, we highly encourage you in light of possible functional closures. You will be notified immediately.
