

WHAT HAPPENS IF A STUDENT GETS SICK?

Extra health and safety measures, like handwashing, learning groups, masks, daily health screens, and increased cleaning, will reduce the spread of COVID-19 and help keep schools safe.

IF A STUDENT SHOWS ANY COVID-19 SYMPTOMS AT SCHOOL..

-  The child waits in an isolated room
-  The school contacts parents or guardians to take the child home
-  Staff clean and disinfect exposure areas
-  The school notifies public health officials

THEN PUBLIC HEALTH..

-  Contact traces to identify potential COVID-19 exposures
-  May recommend testing
-  May recommend 14-day isolation if necessary
-  Gets in touch with close contacts
-  Provides follow-up recommendations as needed, which may include suspending in-class learning

Parents will be notified if their child has been in contact with a COVID-positive person and needs to self-isolate. Students will receive learning support while self-isolating.
