COVID-19 Vaccine Resource for Families

The COVID-19 vaccine has been approved by Health Canada for use in children five and older. The province has begun sending booking invitations to families that have already [registered](#) their child.

The Ministry of Education has asked that principals support families in receiving trusted information about vaccines by **sending the [BCCDC COVID-19 Vaccination for children 5-11 years old resource](#) to families of students aged 5-11 at your school.**
