Parents/Guardians,

Students born in 2009 or earlier are now eligible to register on the B.C. COVID-19 Immunization website

Registration is now open for students between [the ages of 12 and 17 to receive their first dose of the COVID-19 vaccine](#). On Thursday afternoon the province announced that children born in 2009 or earlier (12 and older) can register on the [B.C. COVID-19 Immunization website](#). The goal is to have students vaccinated by June 30, with second doses by Aug. 30.

To register, fill out your child's information at getvaccinated.gov.bc.ca, available 24/7 or call 1-833-838-2323 between 7 a.m. and 7 p.m. any day of the week. You can also register in-person at any Service BC centre. After registering, you will receive a text, email or phone call when it is your turn to book a vaccine appointment. Don't expect to book an appointment the same day you register.

Once you have registered and have received your booking invitation, please do not delay booking an appointment. Bring your child's Care Card to their appointment. If your child does not have a personal health number, you can register by phone at 1-833-838-2323.

Booking invites will be sent to those who are older first, and most appointments will take place at the same immunization clinics used to vaccinate people in other age groups. Household and group vaccination options are also available. For more information, visit fraserhealth.ca/vaccine

Take care,
