

Transforming Curriculum and Assessment

B.C. Education Plan

# Innovation

Where to from here?

Cross Curricular Competencies

# B.C. Education Plan

- A more flexible curriculum that prescribes less and enables more, for both teachers and students
- remove barriers to personalizing instruction so that the curriculum is optimally manageable for teachers

# Transformation in Curriculum and Assessment

- Prepare students to be confident, informed, global citizens
- Reading and Numeracy central focus in early primary
- Reading, writing, numeracy, visual and digital literacy focus of each year
- developing assessment resources to support these foundations

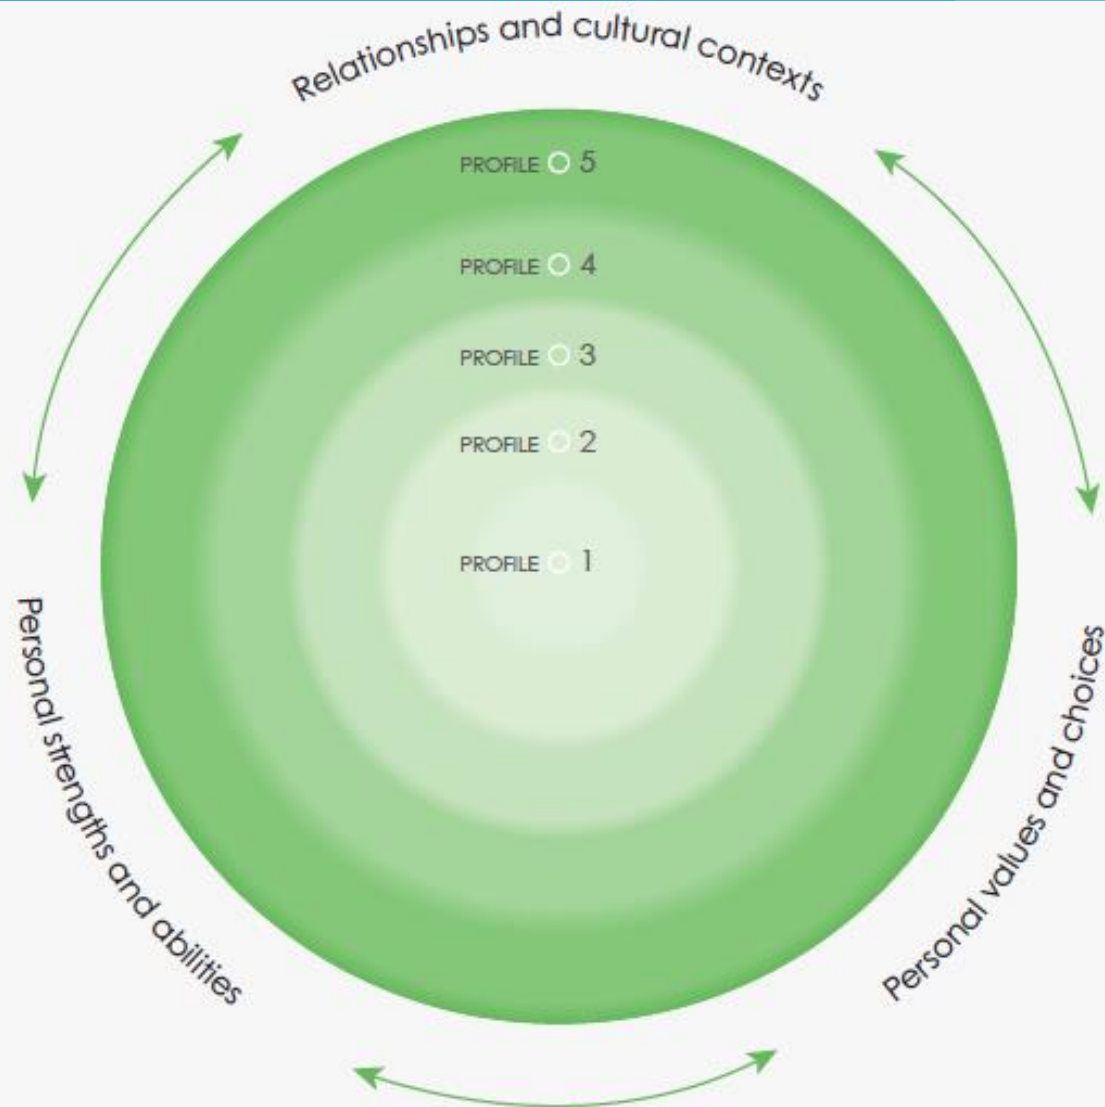

# Core Competencies

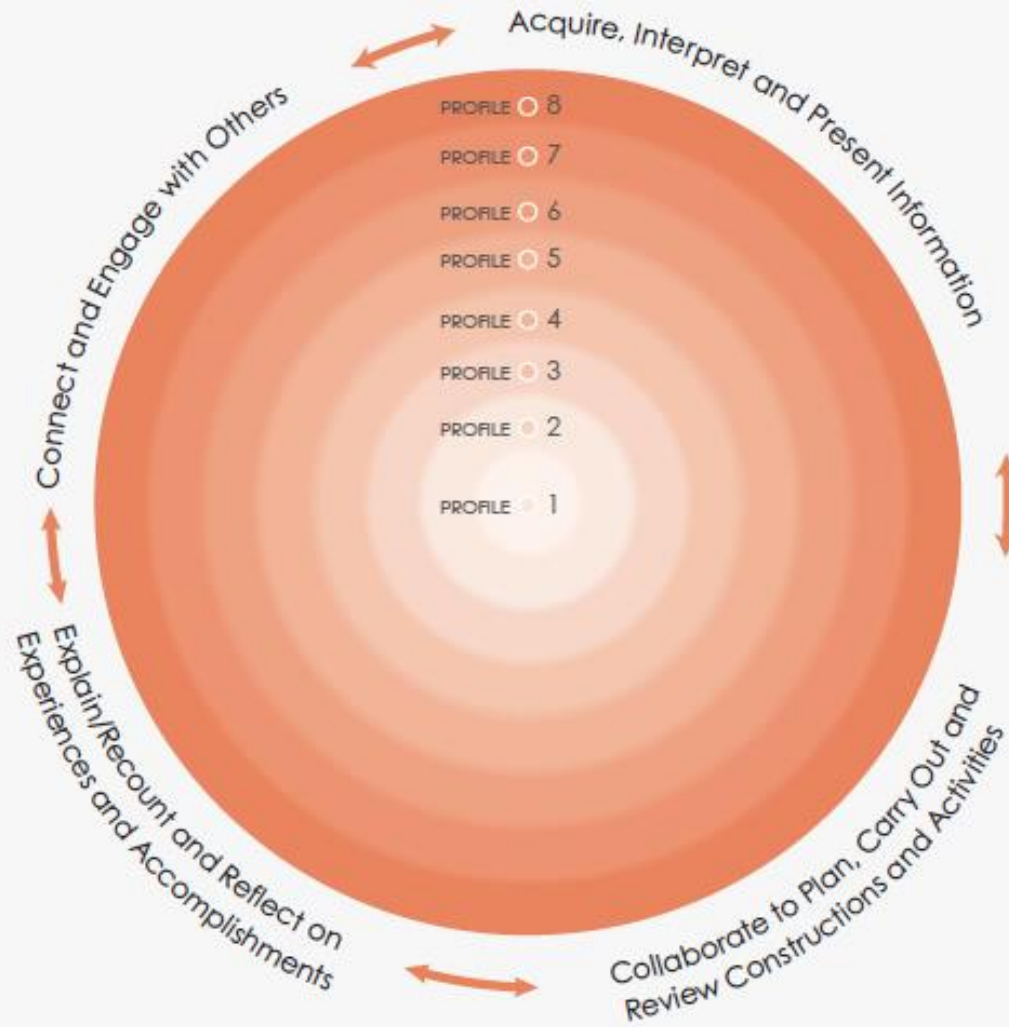

- Thinking
- Communication
- Social and Personal

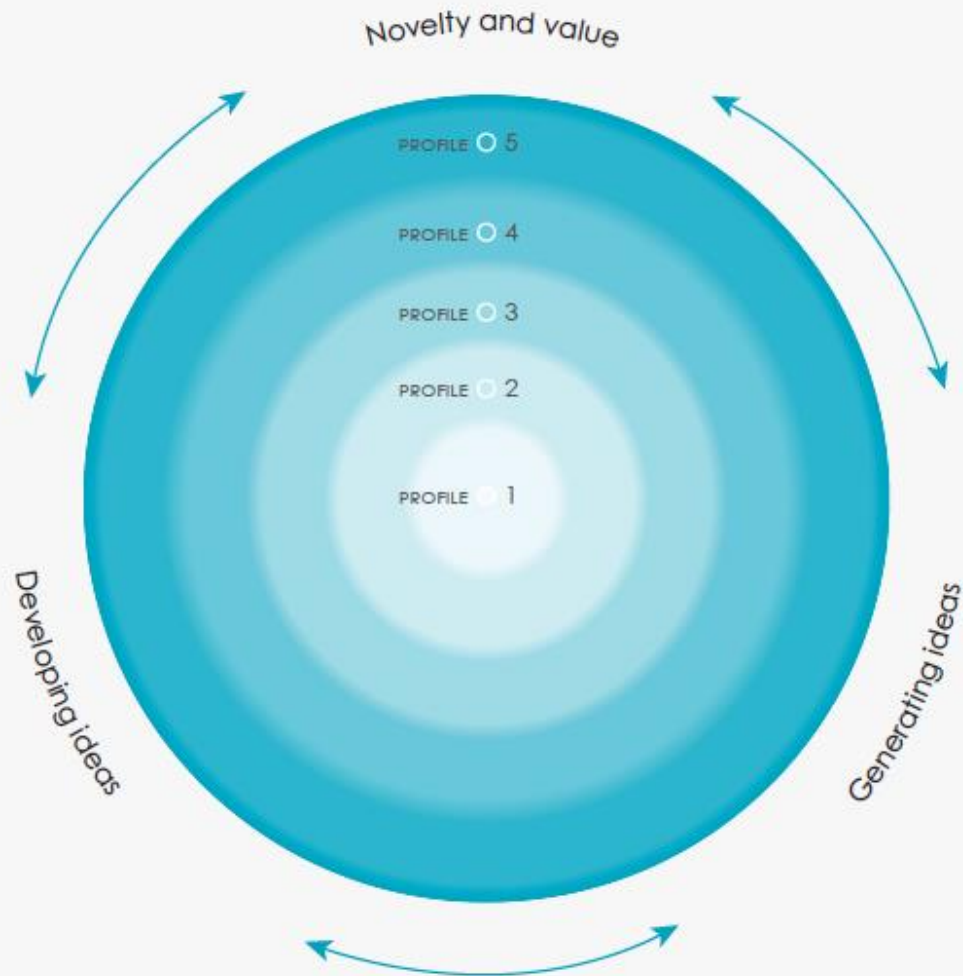

# Positive Personal & Cultural Identity

# Communication

# Creative Thinking

# Curricula and Assessment Supports Development of Core Competencies

- Develop continua for each competency
- Highlight and embed in all areas of learning
- Align curriculum and assessment to address core competencies, literacy and numeracy

# Deeper Learning

- Students use understandings and competencies to solve problems, make decisions, inquire into real world issues
- Combine learning standards

# Personalized Learning

- enhancing student engagement
- giving students choices - what, how, where

# Learning Cycle

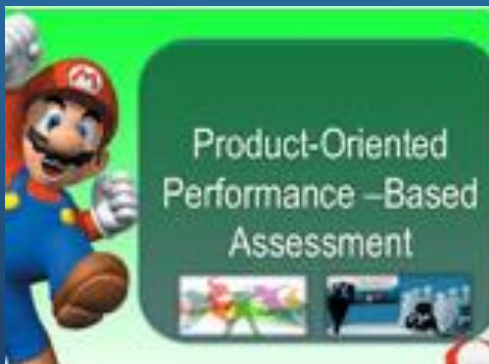

- Set goals
- Reflect on work
- Adjust/change goals

# Communicating Student Learning

- Enhance or replace reporting
- Meaningful communication - parents, teachers, students
- Report on core competencies
- Clear, performance standards - based language

Wiki Spaces

Blogs

# Real World

- Provide “space” for direct interactions with world in and out of school
- Learning that addresses real world problems and issues

## Rethinking Curriculum

Extensive consultations have identified some positive changes that will transform and modernize the B.C. education system. Transformation in curriculum and assessment will help teachers create learning environments that are both engaging and personalized for students.
