COPEing with Toddler Behavior is an 8-session course for parents of 12-36 month olds that is designed to help parents in effective parenting strategies for toddlers using an active learning model. Parents learn how to foster a positive parent-child relationship, use an authoritative "backbone" parenting style, have appropriate developmental expectations, tailor their parenting to their child's temperament, and use strategies to prevent and respond to challenging behaviors. This course is for everyone who wants to be the best possible parent they can be.

*******There is no cost to take this course*******

Child minding will be provided on a limited basis, bus tickets will be provided for those with transportation issues, and refreshments will be available.
