January 2, 2022

Dear Frost Road families,

Happy 2022!

As you know, school has been delayed until MONDAY JANUARY 10th at this time.

If you have a child with designated special needs or you provide direct and front line care in hospitals, care facilities or other essential services as per the PHO you MAY send your child to school.

Children will be in mixed grade groups if required, as they will be supervised by staff who are in the school but there will NOT be any instruction.

If your child meets the above criteria and you are choosing to send your child to school to be supervised January 3-7th, please email names and grades to Mrs. Bertholm at bertholm_e@surreyschools.ca by 5 p.m. Sunday January 2 so that we can plan for supervision of students.

Thank you for your patience and support as we continue to follow PHO and School District directions to keep our students, families and staff safe until we can return to school.

****Health and Health Services**

1. Direct-to-public Health Services

1. a) All health care services, including acute care (hospitals), secondary care / long-term care, coroners services, health care providers working within and outside an acute care setting and other health services including public health, detox facilities, safe-injection sites, COVID-19 testing, clinical research supporting the COVID-19 response, blood/plasma donation services, and emergency pre-hospitalization services;
2. b) Other health services and caregivers (e.g., physicians, dentists, psychiatrists, psychologists, mid-level practitioners, nurses and assistants, infection control and quality assurance personnel, pharmacists, physical and occupational therapists and assistants, social workers, mental health and substance use workers including peer support workers, speech pathologists, diagnostic and therapeutic technicians and technologists, counselors, chiropractors, naturopaths, dentists, crisis centres, outreach workers, overdose and harm reduction services, meal programs);
3. c) Health first responders (paramedics);
