June 3, 2020

We are excited to let you know about the Commencement ceremony for our 2020 Ever Creek Graduates. Preparation is well underway to host an outdoor event on Wednesday June 17th. The SW Event Technology will be setting up a stage, a large outdoor LCD screen and projecting the ceremony so that families can watch and listen from inside their vehicles. You will be able to tune in to an FM radio station to hear the event broadcast live.

Our Master of Ceremonies, School Board Trustee, Assistant Superintendent, Principal, singers and dancers are currently being recorded in a sound studio so that we have the full experience of our usual Commencement elements. SW Event Technology will combine all the ceremonies with the speeches and a link will be uploaded on our school website. **(Your participation in this event is confirmation of your consent to be video recorded and have the recording published on our website).** Graduates will be able to share the ceremony with family and friends.

LOCATION

Outside

PHOTOGRAPHY

Artona will be on site to take a photo of each graduate as they cross the stage. Families will be provided a professional digital photo of their graduate crossing the stage in their cap and gown with their diploma folder. Due to COVID number restrictions and timing we will not be able to accommodate:

- families leaving their vehicle to take photographs.
- students having a photo taken in their formal attire (gowns and suits).

GUESTS

- In order to adhere to Provincial Health Guidelines each student/family will be allowed to have **ONE** vehicle on site. Each student **must** arrive in this vehicle along with their guest(s). A graduate in their cap and gown will be the vehicle's entry into the event.
- **As this event is being recorded, we need to stress that we cannot have car horns, air horns or other noise makers occurring during the ceremony. If this happens, the video company will need to edit and remove those students' 'crossing' from the final product.**
- There will be no access to the building before or after the ceremony, which means there are no available washrooms for use on site.
