Here is a beautiful poem By Delma, Grade 3 on the importance and power of friendship. It is a topic she chose herself when asked to write about what is the most awesome thing to her...

friendship

The most awesome thing is friendship and love because they are very important to everyone. without friendship and love our world will not have peace and nobody in the world will be happy and our world will be very dark. friendship and love will brighten our

days with happiness and

Joy. When your sad

remember about joy and

forget about those sad

days. Friendship saves

the day! By Delma
