7:07 PM Move to accept agenda –1st by DJ, 2nd by TP. all in favour

7:08 PM Motion to accept minutes from April 29, 2024 meeting 1st by TP and 2nd by DJ. All in favour.

7:08 PM – 7:42 PM - Mr. Graham Magnusson- School Vice-Principal's Report

50th Anniversary Event – Fantastic, well attended! Scholarship funds raised

May 16 – Duke of Earl event – great sense of humour, well done! Great work by Dukes and backstage group

May 22 – Commencement – another great day! Approximately 2.5hrs total – 256 grads in Grad 2024

Upcoming:

- Some school sports running: rugby, soccer, track and field. All nearing their end, with Provincials for some sports starting this weekend.
- June 8 – Grad banquet and dry grad event

Next year:

- 1450 students registered for 2024/2025 (this year we are at 1415 registered students). The South Surrey Eagles U15 program (Grade 9) – may start an academy here, possible addition of 15 more students.
- Attendance: several students with late arrival and missing class days, 10%-20% of students are late to class. The challenge with students at this time of year is setting social norms at the beginning of the school year.
- -cell phones: loose language from the Ministry. In short cell, phone use needs to be included in the school code of conduct. SD36 working on the guidance, schools will adapt the guidance to the circumstances to each school.

Q: Following up with the question regarding why honour roll wasn't published in 2023?

A: Agreed with comments from last month: went more towards recognizing student learning in class etc. (a departmental recognition). Across SD36, honour rolls are not being used anymore. Most scholarships are looking at academic classes and other things not really looking for honour roll designation. Quality assessment tools, quality conversations with teacher, engagement with teacher and class are larger measures that help with student learning.

Q: Any thoughts on whether the 4 scale proficiency scale for reporting will change?

A: Likely no changes in the near future, the type of precision that parents may want with traditional grading is only a portion of what students can actually achieve. The number (grade percentage) doesn't always represent the learning over the longer time.

Q: Is there Naloxone onsite?

A: Yes, one kit in office and one kit in first aid kit. Each school in SD has a kit. Also, there are two defibrillators in EMS.
