

Dear Parents/Guardian

This year your son/daughter has enrolled in Physical Education 11/12 at Earl Marriott. In keeping with the Grade 11 and 12 Learning Outcomes, over the coming months we will be participating in some recreational activities off campus. Throughout the semester, students will meet at a community facility to participate in an activity. Some of the potential activities done in the past are; curling, kayaking, bowling, grouse grind, golf and lazar tag.

Other possibilities for this semester :

- Snowshoeing and tobogganing
- Yoga
- Horseshoes
- Rock climbing (indoor)
- Gymnastics

In the past there has been a course fee for Sr.PE but this semester I have decided to use a 'pay as you play' model. There will be optional field trips available for all Sr.PE students during semester 2 and mandatory class field trips. The class specific field trips on average work out to \$5 a session and the optional field trips would range from \$5-\$20 an activity. A portion of your son/daughters mark will be based on these recreational activities and it is important that all students are aware of the dates and are present for those days. Any conflicts can be discussed with Mr.Johnson prior to the activity.

If there are any financial concerns please have your son/daughter see me as soon as possible so alternate arrangements can be made.

Students will be excused from all other classes when on a PE fieldtrip however, they must communicate with their other teachers in advance so alternate arrangements can be made for missed work and assignments.

I give permission for _____ to
participate in Sr.PE off campus fieldtrips during Semester __, 201_/201_.
