The Board of Education of School District No. 036 (Surrey) Pay transparency report

Surrey Schools is committed to creating a workplace where employees receive equal for equal work, regardless of their gender or other identify factors.

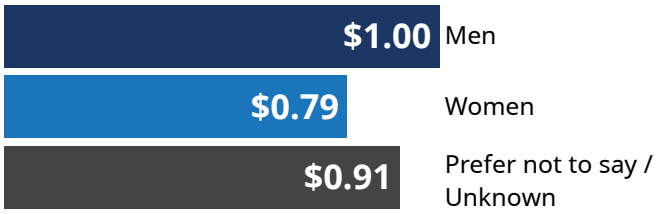

Gender data used in this report collected on a voluntary basis through an employee survey and a significant portion of employees (97%) responded with “prefer not to answer” or did not respond to the survey. Individuals who did not respond to the survey have been categorized as “Prefer not to say/Unknown”. The following report reflects gender information for only approximately 3% of the employees invited to participate and, as a result, the ability to draw conclusions about gender pay gap is limited.
