June 6, 2021

Good evening Greenaway Community,

I wanted to let you know about a small fire that happened at the school on Friday night on one of the custodial carts. No one was hurt and there is no structural damage to the school. The cause at this point has not been determined.

There was some smoke damage to the primary girls bathroom, art supply room and Ms. Hasegawa's grade 1/2 class that requires cleaning and painting. The restoration company was in the school and working during the weekend. As a result of this work, Ms. Hasegawa's class will be in the Library until Wednesday when the work is done. Drop off and pick up for Ms. Hasegawa's class will remain the same, by the undercover area.

Thankfully, no one was hurt and there is not any serious damage.

If you have any questions or concerns, please let me know.

Sincerely,

Becky Copeland

Principal – George Greenaway Elementary
